

# INTERNATIONAL DEVELOPMENT ASSOCIATION IN THE CAPITAL MARKETS

## A TRIPLE-A SUPRANATIONAL ISSUER

In 2018, IDA issued bonds in the capital markets for the first time in its 60-year history, allowing IDA to expand the scale and delivery of its development activities and make more efficient use of scarce development resources. IDA has joined IBRD and IFC as the third member of the World Bank Group to issue bonds.

To complement its funding strategy, in 2019, the IDA Bills Program was introduced to offer investors short-term liquid instruments to invest in and support IDA's mission.

## INAUGURAL BONDS

IDA has issued inaugural bonds in USD, EUR, GBP, SEK, and NOK. IDA has been expanding its investor base and building yield curves in various markets. The bonds offer investors unique opportunities to support development in countries where it is needed most.

As a member of the World Bank Group, IDA's funding program, liquidity investments, capital adequacy, and credit and market risks are managed by the same experienced teams that manage IBRD's financial position.
