## FOREWORD

I am pleased that this edition of the State Statistical Year Book (SYB) has come to a reality. It is the sixth edition since the establishment of Adamawa State Planning Commission in 1999. In order to maintain a high quality work, various improvements have been made in this edition in terms of accuracy, design and arrangement. Additional tables which were not in the previous publications have been included in this edition. Charts are also available to give user at-a-glance information.

The history of the SYB in Adamawa State dates back to 1993 when the first edition was produced then styled "Statistical Digest".

The current publication consolidates data in various sectors of the state economy from 2009 to 2013 in Twelve Chapters. Each chapter has an introductory note which provides brief background information to enhance understanding.

I seriously recommend the publication for Policy makers, Planners, Researchers, Industrialists etc.

***Alh. Idris Yahaya***  
Permanent Secretary

## ACKNOWLEDGEMENT

Adamawa State Statistical Year Book (SYB) is one of the outputs of Adamawa State Government which is being implemented by the Department of Policy Research and Statistics (DPRS), Adamawa State Planning Commission.

The State Government and indeed His Excellency, the Governor, Barr. Bala J. Ngillari who is actually by law the Chairman State Planning Commission need to be thanked for providing the funds necessary for collection, analysing and production of this Statistical Year Book.

We also thank the Secretary to the State Government, the Chairman and Management of State Planning Commission for their supports.

We appreciate the tireless efforts of the staff of PRS Department under my leadership as the Director Statistics from data collection stage upto publication level of the SYB.

We cannot forget to thank all the State and Federal Ministries, Extra-ministerial Departments, Local Government Councils, Agencies, Private Establishments and individuals for providing the data contained in this Publication.

However, because of the importance of the SYB in the computation of indices used in the development plans of organisations be it government, International Development Partners, private , we appeal to all data producers/organisations to always crosscheck their data for accuracy before forwarding to the Planning Commission for publication. We also appeal to those organisations that were unable to supply data for this publication to do so in future so as to enable the department improve on the coverage and quality of subsequent publications.

Finally we want to state here that because of the challenges facing organisations, this publication may not be 100% perfect and therefore, while we own up all technical errors that might have been made in this edition it is hoped that the publication will assist in bridging the gap in the information on Adamawa State. Constructive criticisms aimed at improving subsequent editions are welcome.

***Mr. Istifanus Iliya Gombi***

## **CHAPTER THREE**

### **AGRICULTURE AND FORESTRY**

This Chapter contains statistics of Livestock vaccinated against disease, treated diseases as well as those slaughtered. It also contains information on forest reserves in the various Local Government Areas of the State.

The number of livestock vaccinated against diseases ranged from 184,024 in 2009 to 549,156 in 2013 as seen in table 3.1.

Goats accounted for 40 - 58 percent of the slaughtered figures for 2009 - 2013, see table 3.3.

Table 3.4 shows hectares and kilometers of forest reserves in the state for 2009 -2013. The table also shows that Yola South Local Government has the largest forest reserves with an area of 1000km<sup>2</sup> in 2013. While Girei, Lamurde, Madagali, Michika, Song, Toungo and Yola North Local Government had no forest reserves in 2013.

## **CHAPTER FOUR**

### **COMMUNITY SELF - EXECUTED PROJECTS AND SMEs**

This Chapter highlights the level of participation of communities in the Local Government Areas. In 2013, construction of market stall received more attention by the communities followed by other projects.

Table 4.2 shows that construction of new feeder roads were not given attention may be due to government interventions.

Table 4.3 shows the distribution of Small and Medium Enterprises (SMEs) by type of enterprises in

## **CHAPTER NINE**

### **PRICE STATISTICS**

In this chapter, monthly prices (in Naira) of some selected commodities/items of the state were obtained and the average computed.

The commodities were categorized into local food items, processed food, drinks etc as summarized in table 9.1 for 2012 and 2013 respectively.

Because of some logistics problems, the area of coverage in 2013 were Girei, Jimeta and Yola markets in Girei, Yola North and Yola South LGAs respectively.

## **CHAPTER TWELVE**

### **WATER STATISTICS**

In this section data for 2009 - 2013 are being featured covering generator boreholes, hand pump - bore holes and wells. The data had been relayed in tables 12.1 - 12.4.

Based on our resources, the total number of bore holes (generator and hand pump) and well sunked in 2009, 2010, 2011, 2012 and 2013 were 337, 367, 488, 1510 and respectively. Out of these figures some are not funtioning, inventory of which is not presented here.
