September 9, 2016

9.00-17.30

Field Visit (Guangzhou, Foshan or Dongguan), Guangdong Province (optional)

Field Trip to Guangzhou

Guangzhou is the capital of Guangdong Province, the nation's historical and cultural city. It is one of China's international business centers and an integrated transportation hub, thus commonly known as China's South Gateway. Covering a total area of 7434.43 square kilometers, Guangzhou has a registered population of 8.25 million, the city of Guangzhou was established 2230 years ago, and is one of the centers of Lingnan culture.

In 2015, GDP of Guangzhou was CNY 1.81 trillion (about USD 277.92 billion), ranking the third among the Chinese mainland cities for 27 consecutive years. Its per capita GDP achieved a breakthrough to reach more than USD 20,000.

Guangzhou has twined with 36 foreign cities and established international friendship city relations with 27 foreign cities, 53 countries have opened consulates in Guangzhou. It also has conducted foreign exchanges with more than 1,000 cities in 136 countries. Guangzhou's international integration has been raised to a new level.

Field Trip to Foshan

Adjacent to Hong Kong SAR and Macau SAR, Foshan is located in the Pearl River Delta region. The city covers a total area of 3797.72 km² with a population of 7.3506 million.

In 2015, Foshan was designated as the national pilot city for comprehensive reform on industry transformation and upgrading. The city has formed its leading position in various industries, including machinery equipment, household appliances, ceramic products and building materials, metal processing and products, textile and garment, electronic information, food and beverage, fine chemicals and pharmacy, and housewares, etc. Emerging industries like opto-electronic devices, environment-friendly products, new materials, new medicines and new energy vehicle are rising. A modern industrial system with increasingly comprehensive supporting functions is taking shape. Up till now, there are 75 projects invested by African countries with a contractual foreign capital of 272 million US dollars and a utilized foreign capital of 87.08 million US dollars in Foshan.

Field Trip to Dongguan

Located in the south central Guangdong Province and to the east of the Pearl River estuary, Dongguan is situated in the middle section of the economic corridor connecting also Guangzhou, Shenzhen and Hong Kong.

In 2015, the total output of Dongguan city achieved RMB 627.5 billion yuan, an increase of 8 percent from the year before. And its import and export international trade registered US\$ 167.6 billion, ranking fifth in China.

To this day, foreign investors from more than 40 countries and regions have been attracted to Dongguan. 11,000 foreign-funded enterprises have quartered here and the utilized foreign capital has accumulated to nearly US\$ 80 billion. With 87 projects invested by 49 of the world's Top 500 enterprises, pillar industries including electronics and information, electrical machinery and equipment, textile and garments, food and beverage, paper making and paper products, etc. are shaped and emerging industry clusters for photoelectric LED, novel tablet display, solar PV and so on have come into being.
