About Supplier Diversity & Inclusion at the WBG

Supplier Diversity & Inclusion is a highly valued strategic initiative at the WBG. We are committed to promoting, increasing, and improving the business participation of underrepresented diverse business enterprises in our procurement process, with a primary focus on Woman-owned Business Enterprises (WBE) and Minority-owned Business Enterprises (MBE). Our corporate supplier diversity and inclusion targets include: (i) doubling our global corporate procurement to WBEs to reach 7% by 2023, and (ii) increasing our US-based corporate procurement to MBEs to reach 8% by 2025.

Scope of the Reporting Exercise

As part of your vendor relationship with the WBG, we are seeking your support for our supplier diversity program and request that you **share your company's supplier diversity goals** and **report your spend with diverse suppliers** during the period of July 1, 2021 to June 30, 2022, which corresponds to the WBG's FY22, or the closest available 12-month period.

Keep in mind that a diverse business is one that is at least 51% owned, operated, and controlled by one or more individuals of a diverse background. WBG currently requests our prime vendors to provide spend data with regards to the below diverse supplier groups only:

- Women-Owned Business Enterprises (WBEs)
- Minority-Owned Business Enterprises (MBEs)
- Disabled-Owned Business Enterprises (DOBEs)
