

PROJECT SUMMARY

Albania

PROJECT NAME

Mainstreaming Climate Change in Governance to Support NDC Implementation

GRANT OBJECTIVE AND ACTIVITIES

Under this grant, Albania, a member of the [NDC Partnership](#), will receive technical assistance to mainstream climate change into public investment management (PIM), build capacity for incorporating climate considerations into sectoral plans and budgets, and analyze budgetary implication of implementing Albania's NDC. In addition, the project may also provide support through the Economic Advisors for Greening COVID-19 Recovery Measures initiatives. Through this program, a short-term adviser will be embedded in the Ministry of Finance to assist with the inclusion of climate change and NDC priorities into COVID-19 recovery measures.
