Eastern Region Transport Survey - Final Accounting

Yesterday we discussed the current status of the accounts of this project. You indicated that computations have been completed showing a claim in our favor of about Rs. 60,000. I discussed this matter with Mr. Votaw and we agree that an accounting should be prepared showing in reasonable detail the uses we made of the moneys furnished us by the Indian Government. We believe this would satisfy the request of the Indian Government and should accompany our request for reimbursement of the outstanding amount. We would appreciate your preparing a statement suitable for this purpose.

John A. Jansen
c/o Kampsax
Caixa Postal 1836
Rio de Janeiro

Rio de Janeiro, June 25, 1967

Dear Ralph,

To begin with, please forgive me for having waited so long with writing after you returned from your vacation trip via Japan.

After a rather quiet start during the first ^{few weeks} of our short stay in The Hague we have not seen much of our home. We had to spend quite some time in Arnhem because of the illness of Bep's mother, then we spent almost a week in Staines UK with our eldest daughter and her family, almost a week in Copenhagen, and three days in Paris. In between we had a very busy time at our home and after all we had to rush in order to get everything organized for our departure.

In the first place I want to thank you very much for the numerous troubles you have taken to get a reasonable price for my car. I am very happy with the results, with which I want to congratulate you and in particular also myself as you will understand. I am sure you also got my cable!

The remittance on the sale came through in the beginning of June, when I was in London. Anyway I am most happy to ^{have} the money in my bank account now.

When in Staines Bep had a talk over the telephone with Dorothy, but we could not make it to visit them, in London. The Samerons wrote us a few days ago that they are planning to buy a house on the South coast of England.

We also received a card from the Andersons in the Swarzwald Germany some time ago. I think everybody has settled down by now and I am sure Willye and you are happy to be home again after all the frustrations of the Calcutta study.

We just missed our youngest daughter and her family since their ship passage had to be cancelled because of the middle-east troubles. They had to leave Bombay exactly on the same day as we had to leave Holland for Rio. Could you imagine?

For the time being we are staying in an hotel on the Copacabana beach, but we hope to shift to a residence next week. Weather is delightful and conditions here are uncomparable with those in India, or at least Calcutta. Much has improved in Brazil since we left Rio in 1964. The supply of information by the Governement is very well organized and the study will be much easier than in India.

We hope to stay here until at least the beginning of next year. For the time being we plan to leave here in January/February for Kuala Lumpur.

Our address in Rio is : c/o Kampsax Caixa Postal 1836.

As for financial matters I noticed from your memoranda of June 2 and June 9 the payment of Rs 487.50 excess baggage and Rs 164.80 car repairs. However, I did not find an item regarding the payments made on my behalf to the airport restaurant in Calcutta when you were so kind as to releave us from the duty of ordering drinks for our guests. Would you please let me know how much the damage is so that I could square this out?

Before ending up I want to thank you heartily for all that you have done for us personally during the long stay in Calcutta and for the fine atmosphere which you always managed to maintain in the team in spite of the many frustrations inherent to a study in the Eastern Region and in spite of your difficult position in between many "fires".

I hope this letter will reach Willye and you in an excellent health and that we shall meet again in Washington or somewhere else.

With warm regards from Bep and myself to both of you,

Yours,

John A. Jansen

Letter No. 75

June 16, 1966.

Regional Transport Survey
8, Lindsay Street,
Calcutta-19. India.

2 CC.

Mr. Horst M.H. Eschenberg,
Personnel Officer,
The World Bank,
1818 H Street, N.W.,
Washington, D.C. 20433,
U. S. A.

Dear Mr. Eschenberg,

In Mr. Watkins' absence I am replying to a Memorandum of June 6, addressed to him by Miss M. Georgiou entitled "Arrangements for Delivery of Cables after Hours".

In response to her 3 enquiries as follows:-

- (a) Cables addressed "TRANSURVEY, CALCUTTA" are delivered to the office at 8 Lindsay Street upon receipt at the Calcutta telegraph office, day and night, 7 days a week. When the office is closed telegrams are received by our guard and delivered to the addressee or the Director, if no addressee, when the office reopens.
- (b) No special arrangements have been made for delivery of cables when the office is closed. The cables received on Saturday night or Sunday are held by the building guard until Monday morning.

We have today made special enquiry at the Central Telegraph Office and suggest that the following procedure may be adopted by the Bank:

- (1) Ordinary Cables: which may await regular office hours for handling should be addressed simply "WATKINS, TRANSURVEY, CALCUTTA"
- (2) Urgent Cables: that require handling when the office is closed should be sent "FS" (we understand this means "follow addressee") and should be addressed as follows:- "WATKINS, TRANSURVEY, OR 2 BALLYGUNGE CIRCULAR ROAD, CALCUTTA". Under this arrangement we understand that the delivery will be tried first at the office and then at Mr. Watkins' residence, continuing alternately between office and residence until he is located. We suggest that this system be used sparingly since it means a good possibility of delivery in the middle of the night.

- (c) We have suggested under (b) a method of cables requiring urgent action after hours. If you know that Mr. Watkins is absent from Calcutta (he normally advises you of his proposed absence of more than a day or two), or for any other reason at your election, cables might be addressed "PS" as suggested above to any of the Bank staff officers. If you feel certain that the cable will be received over the weekend, you might omit "TRANSURVEY" and simply address the cable to the residence of the designated staff member. Attached is the list of addresses and residence telephone numbers of the five staff members in Calcutta.

Yours sincerely,

(Rex S. Anderson)

Mr. Horst H. H. Eschenberg
For: Mr. Joseph C. Reamy
The World Bank
1818 H Street, N. W.
Washington, D. C. 20433

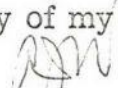

Dear Mr. Reamy:

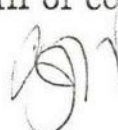

On the attached very rough tabulation and accompanying notes I have tried to give you an informal report on the disposal of the Bank's property in Calcutta. A little later the full details will be sent to me by A. K. Ghosh, my office assistant on logistical problems. In the meantime, the attached tabulation will give you the results within a few Rupees of the final and formal report insofar as the data are available to me just now. You can, I think, fill in the (?) slots.

Sincerely yours,

Ralph J. Watkins

P.S. Apologies for the sloppiness of this material. I've had to do it on a catch-as-catch-can basis. 

P.S.2 Also attached is a copy of my letter of 4/21 to Citibank, Chowringhee Branch, Calcutta. 

P.S.3 The documentation will of course come with my final Mission Fund report.

SEE ATTACHED SHEET FOR FOOTNOTES

FOOTNOTES TO TABLE

- (1) Landing Charge included in Duty amount.
- (2) This A. C. was sold for Rs. 3600 at the first auction on 4/7/67 but was returned to the auctioneer as defective and the purchase price was refunded by the auctioneer. Learning of this on 4/21/67 on my return from New Delhi (my last day in India) I had the machine tested by Cumberland & Martin (P) Ltd. who had serviced my A. C. 's and the Cameron's A. C. 's. They reported it was not cooling properly and would have to be serviced including addition of more refrigerant. I negotiated its sale for Rs. 2500 to C. & M. (P) Ltd.
- (2a) I negotiated the sale of my two $1\frac{1}{2}$ H.P. D.C. 's, for removal from the Bengal Club on 4/22 after my departure, to M. R. Mogul of Cumberland & Martin (P) Ltd. for Rs. 8,250.
- (3) Purchased by G. J. Roth at public auction, Russell Exchange, Jan. or Feb. '67 (no duty). Receiving no offers at the auction on 4/7 I negotiated its sale to M. R. Mogul of (Cumberland & Martin (P) Ltd. for Rs. 500 on 4/21/67.
- (4) Duty items listed here total.....Rs. 13,621.05
Less apparent error..... 90.45

Duty actually paid 4/21/67.....Rs. 13,530.60
- (5) The buyer of 4 of the A. C. 's at the 4/7 auction reported to the auctioneer that the thermostat on one would have to be replaced at a cost of Rs. 85, which amount I allowed.

1818 H Street, N.W.
Washington D.C. 20433

Projects Dept. Correspondence

ANS'D BY no answer

DATE required 12

Dear Mr. Baum:

Enclosed please find a provisional draft outline on investment priorities across the board, as well as the copy of my letter of May 17, 1967, to Dr. Watkins, regarding the mission to Delhi on May 12 through 15.

Mrs. Karcher and I are leaving Calcutta tomorrow and plan to be back in Washington on June 15, after visiting Madras and Tokyo.

Looking forward to seeing you on our return,

Yours sincerely,

Martin Karcher

January 18, 1967.

Letter No. 224 ✓

Mr. Horst H.H. Eschenberg,
Personnel Officer,
The World Bank,
1818 H. Street, N.W.
Washington D.C. 20433

Dear Mr. Eschenberg:

Now that only two and a half months remain until the completion of our assignment here, I think it is in point to ask for the Bank's instructions concerning the ultimate disposition of the Bank property which you have sent to us or which has been acquired here. The following categories are involved:-
i) Office equipment; ii) Air conditioners, refrigerators and stoves; and
iii) Furniture and furnishings.

You of course have inventories of the items involved, but I list here the items which occur to me at the moment.

1. Office equipment- a) One Friden electric calculator; b) one Underwood Electric Adding Machine.
2. Air conditioners, refrigerators and stoves - Anderson has three air-conditioners, one electric refrigerator and one electric stove; b) Cameron has two air conditioners, one electric refrigerator and one electric stove; and I have two air conditioners and one electric refrigerator.
3. Furniture and furnishings : a) Anderson has furniture and furnishings in his flat made to his order here and of course reported to the Bank in his financial accounts; b) Cameron has the furniture and furnishings made for H.J. Ziegler and transferred from Ziegler's flat on his departure. He also has hired furniture on which hire charges are paid monthly and charged through expenses.

At your convenience we shall appreciate having your instructions relative to these and other matters concerned with the wind-up of our operations here.

reference reference: 30422

We shall also need to know from the Bank when it is desired that the members of the team come to Washington to report; and whether it is desired that we all be there at the same time or whether it will be agreeable to report separately. Obviously fewer problems will be involved if the members of the team are permitted to report separately.

We are all making our separate plans to depart Calcutta about April 1st, and I should guess that most of the members of the team are planning to take some weeks for a leisurely return as a part of the process of unwinding from the tensions of Calcutta. An exception is John Jansen who with Mrs. Jansen has planned to depart April 1st on a direct KLM flight to the Hague as stated in my letter no. 220 of January 2, 1967 to Mr. Baum with which I had transmitted John's re-appraisal report on his part of the survey.

Sincerely yours,

Ralph J. Watkins

December 20, 1966

Letter No. 206

Mr. Warren C. Baum
Assistant Director - Transportation
Projects Department
The World Bank
1818 H Street, N.W.
Washington, D.C. 20433

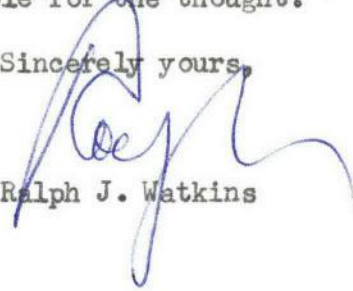

Dear Warren:

You will I think wish to see the attached copy of my letter of December 7 to Mr. Van Wagenen concerning Martin Karcher. Martin has done such an excellent job here that I felt an obligation to write Mr. Van Wagenen after having seen his letter of inquiry to Martin concerning a possible future assignment.

Since the date of my letter, Martin has received still another inquiry from a friend of his at the Bank concerning a possible future assignment. Having seen these two inquiries through Martin's courtesy, I have wondered if perhaps you might have some interest in considering Martin for some further assignment in the transport area. In any case I am conscious of an obligation to pass on to you the good word concerning Martin that I have written to Mr. Van Wagenen, and thereby to give you the opportunity to consider the possibilities.

Let me make clear that this thought is entirely my own and that Martin is not in any way responsible for the thought.

Sincerely yours,

Ralph J. Watkins

Enclo.

Regional Transport Survey
(Eastern Region)
8, Lindsay Street
Calcutta-16, INDIA

December 7, 1966

Mr. R.W. Van Wageningen
Chief of Training, Personnel Division
The World Bank
1818 H Street, N.W.
Washington, D.C. 20433

Dear Mr. Van Wageningen:

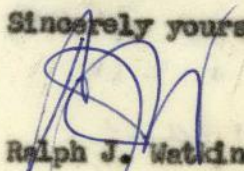

Martin Karcher has shown me your letter of November 22, and it has occurred to me that perhaps you would like to have a brief word from me concerning Martin's performance here on the Regional Transport Survey. You may not have learned of the excellent oral reports that I have sent back through Hans Adler and Gregory Votaw and the words of commendation that I have put in some of my letters to Mr. Eschenberg and Mr. Baum.

In summary, Martin Karcher has done and is doing an excellent job here and we are very grateful to those of you who were responsible for assigning him here in response to our request for a competent economist to work on economic projections and other aspects of the economics of transport in our regional survey. He has worked primarily on costing methodology and economic projections. This work has been done very competently and on the basis of pleasant and co-operative working relations with the other members of the staff both World Bank and Indian, and especially with the modal specialists. He has excellent analytical faculties and he exercises them in a creative manner with a full quota of scientific scepticism. He is an independent thinker and arrives at his conclusions in a logical manner, and displays tenacity of purpose and resolution. In short, we are all highly pleased with his performance on the job.

Let me add also that Martin and his wife Carolyn established at once a hold on the affections of the entire group here and we have found them to be very pleasant and agreeable members of our group.

I am confident that Martin Karcher will give an excellent account of himself in any assignment the Bank may give him following the completion of our survey here.

Sincerely yours,

Ralph J. Watkins

REURLET 82 FROM DISCUSSIONS WITH BHATIA IN DELHI EARLIER THIS WEEK WE EXPECT EXACTLY NOTHING FROM THAT PROPOSAL. IT IS VERY DOUBTFUL WHETHER HE WILL UNDERTAKE THE ASSIGNMENT AT ALL AND EVEN IF HE DOES WE BELIEVE ONLY A PROFORMA ASSIGNMENT WOULD RESULT. HE IS ALREADY OVERLOADED AND ALTHOUGH A VERY ABLE ECONOMIST HE IS NO ROAD TRANSPORT SPECIALIST. WE OF BANK STAFF BELIEVE AN ABLE ROAD TRANSPORT SPECIALIST EXPERIENCED IN FOREIGN SURVEYS WOULD BE ENORMOUSLY HELPFUL HERE ON A TWO MONTH ASSIGNMENT. VERMA IN ORISSA TODAY BUT HE ANDERSON AND I WILL BE IN DELHI 9TH AND 10TH AND WE WILL SEEK TO ASCERTAIN GOVERNMENTS VIEW AND INFORM YOU. I WILL DO ALL IN MY POWER TO ASSIST VERMA IN GUIDING AND SUPPLEMENTING BHANDARI BUT AN EXPERIENCED ROAD TRANSPORT SPECIALIST IS THE REAL NEED. DOCTOR GANGULI INFORMED HARRAL LAST NIGHT BY TELEPHONE THAT COSTING DOCUMENT WAS FINALIZED YESTERDAY AND WOULD BE MAILED TO US TODAY CONFORMING TO MY LETTER NO 164 EXCEPT THAT ECONOMIC PRICE OF POL WOULD BE SUPPLEMENTED BY 100% OF CIF PRICE RATHER THAN 50% WHICH IS AGREEABLE TO US. NOTE THAT ONLY POL IS AFFECTED AS NEW DELHI HAS NEVER PROPOSED ADJUSTING ECONOMIC COSTS OF OTHER IMPORTS

OFFICE MEMORANDUM

TO: Mr. Gregory Votaw

DATE: April 22, 1966

FROM: Wolfgang Kaupisch WK

SUBJECT: INDIA - Eastern Region Transport Survey: Replacement for Mr. Ziegler

1. We have known for almost four months that a replacement for Mr. Ziegler will have to be found in order to meet our commitment for assistance to the Eastern Region Transport Survey. I have been in contact time and again with Mr. Geolot and Mr. Eschenberg on this question. The last information I received from Mr. Eschenberg was that another likely candidate whom he had hoped to make available for this assignment had been placed elsewhere and that he could not forecast when a suitable candidate would be found and sent to Calcutta.

2. I think that this state of affairs cannot continue. As we know from the survey group's work program, Mr. Ziegler was expected to fully participate in the preparation of the survey. Mr. Verma, as well as Mr. Watkins, have asked us repeatedly for such replacement. The apparent inaction of the Bank in meeting its commitment makes it very awkward for us to ask the Indian side to meet theirs. We may find ourselves very soon in the embarrassing situation of being asked to extend the time limit for our assistance because among other reasons we had failed to supply a replacement. Whether this would be fully or only partly true is a different matter. It could in any case cast reflections on us.

3. I would therefore like to recommend urgently that a higher priority than hitherto be given to this assignment and that a man from outside be hired if the Bank is unable to provide a man within the very near future.

cc: Mr. Geolot
Mr. Eschenberg

WK/bj

M. Votaw

*Eschenberg tells me
he now has a man to go.
Incidentally, I understand that
Ziegler did not contribute much
because of his health*

Letter No. 22

March 31, 1966

Mr. Ralph J. Watkins
Regional Transport Survey
(Eastern Region)
8 Lindsay Street
Calcutta 16, India

Dear Ralph:

1. Mr. Votaw wrote me about some of the matters you discussed with him in New Delhi. Here are the answers to your questions I have been able to obtain.
2. Hiring of local secretaries. This is really a matter for the Planning Commission to decide because it would pay the secretaries. The Bank has no objection to the study team hiring outside secretarial assistance and I understand from Mr. Eschenberg that he has so informed you.
3. Replacement for Ziegler. We had what looked like a suitable candidate but then his wife had a baby and that made an assignment to Calcutta inopportune. The search is going on. Both Warren Baum's office and Eschenberg are making all efforts to find a good replacement.
4. Representation costs. Your last letter was turned over to Mr. Eschenberg who told me that he replied to it. I have told him that you have not received his answer.
5. Stay of the consultants in Calcutta. When calculating the cost of the Bank's contribution to the Eastern Region Survey, certain assumptions were made as to the length of stay of the various members of the mission. You, your assistant and the highway expert were expected to stay for eighteen months, the port and shipping expert and the railway expert for twelve months. Subsequently Mr. Harral has been hired for nine months. The letter agreement with the Government of India assumes that Phase II should be completed by the middle of 1966 but may take to the end of the year. We understood, when we discussed the progress of the survey in November, that all efforts would be made to complete it by the end of this year and the work schedule we received reflects this understanding. Our hope that this schedule would be adhered to was further enhanced by the fact that, in addition to Mr. Harral's services, you too have been able to devote more time to the study than originally anticipated. However, if you now have reason to assume that additional time would be required to complete the survey, or more specifically the Bank's assistance to it, could you let us have informally your estimate of who would have to stay on and for how long.

March 31, 1966

6. Consultation in Washington. We have nothing on the agenda at present that would call for your presence here in May, but if there are things you feel would better be discussed in Washington than in correspondence or during visits by staff members, please let us know.

7. Indian Transport Observation Mission to Japan. I remember you telling me that problems of rail/road coordination in Japan ten years ago were very similar to those prevailing in India today. Indian transport experts going on a mission to Japan might therefore benefit from Japanese experience. However, it would seem that your participation in such a trip would hardly fall within the scope of work assigned to the Eastern Region Transport Survey and the Bank would therefore find it difficult to meet expenditure incurred on that account from the funds made available for purposes of assistance to the survey as specified in the letter agreement. This is regrettable but I understand that the Japanese authorities can be relied upon to organize a good instructional program. Perhaps you could write to some of your old friends in Japan and advise them what aspects of their transport policy and coordination would be of specific value to an Indian mission.

8. The Bank mission's observations on the Eastern Region Transport Survey. You will remember that Hans Adler discussed in a meeting with the survey group the observations the mission had made during its visit. We thought that Mr. Verma and his colleagues had taken full note of it. Moreover, some of the points we made have been overtaken by events. It might nevertheless be a good idea to record them in writing so as to provide a checklist of things already done and things still to be done. I have written to Mr. Verma in that sense. A copy of my letter is attached for your information.

With my compliments to Mrs. Watkins, and best regards, I am

Yours sincerely,

Wolfgang Kaupisch

INDIA - Eastern Region Transport Survey

not rec'd in files

1. I am attaching herewith an extract of a letter from Mr. Votaw on the above subject which I discussed with Messrs. Adler and Eschenberg last week over the telephone, and a draft reply of an answer. Please let me have your comments by telephone.
2. On the question of Mr. Watkins' trip to Washington, I have assumed that under his contract he would be entitled to a visit to the States every fourth month at our expense. Is this assumption correct? If so, I do not quite understand why he wants the Bank to request the visit and to pay for it.
3. I also do not quite understand Mr. Watkins' questions how long the Bank expects the consultants to stay in Calcutta because I assume that the contracts the members of the team have spell that out quite clearly.
4. On Mr. Watkins' trip to Japan, we are all agreed that it would represent unnecessary expenditure. Does the argument I am using look acceptable?

March 18, 1966

Letter No. 2 (mission)

Mr. Wolfgang Kaupisch
South Asia Department
International Bank for
Reconstruction & Development
Washington D.C.

Dear Wolfgang,

1. Ralph Watkins came to Delhi when he heard Messrs. Bell and Owen were here. A few of the concerns he mentioned to me are listed briefly below. Perhaps you could follow up to whatever extent is necessary.
2. He has asked Washington for permission to hire secretaries. They would be paid in rupees, and the government is quite willing to have the study team hire outside (and at higher salaries than) the normal civil service drill. But Watkins thinks he also needs IBRD permission. Needless to say, the matter is of some urgency. There is no doubt in my mind that IBRD should agree to this request.
3. Is a replacement being sent for Ziegler? Who and when? As you know, Watkins feels this is a matter of considerable importance.
4. Watkins says he has never received an answer to his last letter about representation. I remember that you were consulting with Eschenberg on that some weeks ago.
5. How long are the consultants expected to stay in Calcutta? Most of them understand their assignments are until the end of 1966 but Watkins is not sure what IBRD has in mind.
6. Watkins had expected to return to Washington for National Science Foundation consultations in May. He finds this is no longer necessary. If Mr. Baum would like Watkins to visit in May, the trip is possible; but the Bank will have to request (and pay for) it. I suspect we do not need a consultation at that time. What do you think?

Handwritten number 37812.

Mr. Wolfgang Kaupisch

-2-

March 18, 1966

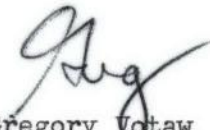

7. Tarlok Singh has asked Watkins to accompany an Indian transport observation mission to Japan. Unless the Bank objects, Watkins intends to go. The foreign exchange cost of his travel would be covered from the IBRD grant to the Eastern Region Study. I suggest you write Watkins specifically authorizing such a trip if Working Party agrees that his participation with the government group is appropriate. ✓
A

8. Watkins will ask Jensen how his Calcutta Port analysis is progressing and when the Bank should expect Jensen's evaluation (or contribution to) the request for a third loan to purchase port equipment. Watkins says he did not remember Adler's requesting this from Jensen; but I assured him that it was discussed thoroughly with Jensen in November.

9. Both Watkins and Verma would appreciate a written summary of the November 1965 mission's observations on the Eastern Region Study. You may remember that I mentioned the desirability of this when we first had the back-to-office report. But obviously the Haldia, Highways and Bombay letters were more urgent. Would you or Hans Adler have time to put something on paper regarding ERTS. Perhaps this could now be framed in terms of a request for a report on further progress on certain points (e.g. the still missing road transport specialist). ✓
A.

10. I trust these rather brief notes make sense. We can discuss any dubious points when I return at the end of the month.

Cordially,

Gregory Votaw

OFFICE MEMORANDUM

TO: Mr. Wolfgang Kaupisch
FROM: Horst Eschenberg *HE*
SUBJECT: India - Eastern Region Transport Survey

DATE: January 25, 1966

This is in reply to your memo dated January 20, 1966, together with the original memo from Mr. Sundar Rajan. *✓ Jan 19.*

The deposit of Rs. 428,00 made by the Government was established on the basis of an estimate prepared by the Bank.

Post Allowance	\$46,700.00
Housing and Resettlement	28,750.00
Subsistence	10,000.00
Contingencies	4,550.00

	<u>\$90,000.00 = Rs. 428,000</u>

The estimate was prepared in accordance with our usual practice of including only those items which would normally be paid by the Bank in the first instance. It did not cover all of the anticipated local costs since the Bank assumed the Government would furnish office space and equipment as well as clerical and manual personnel, etc.

If it is decided, that despite our earlier planning, the cost of the equipment, taxi hire, etc. are to be met from the deposit, the Government should be notified that the Bank may find it necessary to request a further deposit to meet the costs of the study.

Should the bills be sent to the Bank for payment, we would suggest that they be routed through Mr. Ralph J. Watkins, the Head of the Team, who will be in a position to verify the bills before payment.

Has letter to Watkins gone out?
yes.

Ind. R.T.S. Survey

CROSS REFERENCE SHEET

COMMUNICATION: Letter #2

DATED: January 21, 1966

TO: Mr. Baum

FROM: Mr. Watkins

FILED UNDER: INDIA - Regional Transport Survey

SUMMARY: EXCERPT

For your information and Mr. Eschenberg's, we moved over the weekend, 15th-16th, into our new quarters at 8, Lindsay Street, Calcutta 16. The building is not yet finished, nor is the our floor, but they will be soon; and it is a big improvement over the old quarters. We are occupying the 3rd. floor, and our 4th floor is partially occupied, pending installation of the partitions on the floor. The lift is not yet operational, but it will be ready before long.

Ind RTS
mess

Mr. W. Kaupisch

January 21, 1966

Gregory B. Votaw

INDIA - Mr. Heinrich Ziegler

1. Mr. Ziegler phoned me from New York today. He said that he has medical appointments there Monday morning, Tuesday afternoon and again on Wednesday morning. He said he would like to spend his free time Tuesday and possibly Wednesday at the United Nations to chase down some information which Mr. Verma and Dr. Watkins asked him to get. I said I thought this was an excellent idea. He then said he would like to make contact at the United Nations through Messrs. Federico Consolo and Vincent Riley. Again, I said I thought this was a good idea.

2. I am not sure why Mr. Ziegler called me, but would you be kind enough to pass this information along to whomever it is that is responsible for his work program while he is away from Calcutta.

cc: New Delhi Office

GVotaw/pd

Mr. Horst H.H. Eschenberg

January 20, 1966

Wolfgang Kaupisch

INDIA - Eastern Region Transport Survey

D-25?
Jan 19

1. We discussed the substance of the attached memorandum from Mr. Sundara Rajan yesterday over the telephone and I assume that you will initiate the necessary action.
2. I suspect that our team and/or the Planning Commission assumed initially that the deposit made with the Reserve Bank in our name was to cover expenditure for accommodation only. The text of the agreement, which is reproduced for your convenience hereunder, however, states that:

"The Government will bear the cost of all local currency expenditures incurred by the Experts in India for the Survey, including housing, subsistence, official transportation in India, as well as of office space and equipment and clerical and manual personnel. To that end the Government, upon confirming this letter, will pay into Account B of the International Bank for Reconstruction and Development with the Reserve Bank of India at Bombay the sum of Rs. 428,000 which the Bank will use to meet such local currency expenditures. Additional amounts will be paid into the said Account by the Government at the request of the Bank."

3. I would be grateful for information on what action you will take so that I can advise Mr. Sundara Rajan. As a first step, it might be advisable to ask the Planning Commission to send all bills in this respect, paid or unpaid, to us. Please give me a ring if you want me to ask Mr. Sundara Rajan to get them for us.

Calcutta-16, India

Dear Mr. Watkins:

Mr. Azevedo has confirmed with General Motors Export Corporation to airmail you a copy of your personal vehicle warranty.

I would appreciate your confirming receipt of the above document.

Yours very truly,

William F. Curtin
Chief of Procurement

WFC/mg

Eastern Region Transport Survey Mission - India

1. Referring to the recent correspondence between Mr. Kaupisch and Mr. Watkins about the latter's representation allowance, I am passing this over to Mr. Eschenberg. These matters are the concern of the Administration Department and we should not take it upon ourselves to deal with them directly.

2. In Mr. Watkins' letter of January 7, he refers to various representation expenses which amount to provision of lunches and dinners for travelling Bank staff. While there may be occasions when such expense is unavoidable, generally Bank staff should not allow missions of the sort Mr. Watkins heads to incur representation expenses on their behalf. Bank staff members should pay for their own meals and cover the cost in their own expense accounts. One point to bear in mind is that representation expenses add to the cost of the mission, which may already be overrunning the estimate. In some cases also the representation expenses may be local costs which are borne by the Government. We had such a case recently with the Nepal Transport Mission. We should not meet mission representation out of Government funds.

Wolfgang Kaupisch

INDIA - Eastern Region Transport Survey: Representation

1. Mr. Watkins has promptly reacted to my letter advising him of the limitations on entertainment expenditure. His reply is attached. The \$100 monthly limit is not cumulative so that Mr. Watkins would not be able to save up an amount against entertainment exceeding the limit.
2. I think that he has got a point in saying that it would not be possible in a number of instances to obtain the Bank's approval before invitations go out and we would certainly not like it if invitations were sent subject to the Bank's approval of the expenditure involved. The solution he suggests looks to me quite acceptable. If you agree, I will clear it with Mr. Reamy and write Mr. Watkins accordingly.

Letter No. 1

Mr. Romano Pantanali
Office of the IBRD
Resident Representative
P. O. Box 416
New Delhi, India

Dear Romano:

✓ Dec 10
This is in reply to your Letter No. 322 enclosing copies of letters which have passed between you and Mr. Watkins about his difficulties in securing supplies from bonded warehouses. We have discussed your letter with Mr. Eschenberg and I just want to confirm that you are, of course, quite correct in your attitude towards Mr. Watkins' mission. Our Delhi Office is not in any way responsible for the administrative side of the Eastern Regional Transport Mission.

Yours sincerely,

Alexander Stevenson
Director
South Asia Department
