Morocco - Signing of Fourth BNDE loan (\$15 million)

1. Please find below a few notes in connection with the signing of the fourth loan to BNDE at 3:00 p.m. on Friday, March 6, and your subsequent meeting with Messrs. Bargach and Benkirane, Chairman of the Board and Director General of BNDE, respectively. I am also attaching remarks you might like to use during the signing ceremony.
2. The Bank Group has been associated with BNDE since the Government relinquished its majority ownership in 1962. IFC, with an investment of \$0.9 million, owns a quarter of BNDE's share capital and the Bank has made three loans to BNDE: \$15 million in 1963, \$17.5 million in 1967 and \$15 million in 1968. The present \$15 million loan will increase total Bank lending to BNDE to \$62.5 million; it is expected that this loan will cover the foreign exchange needs of BNDE's growing lending activities until April 1971. Continuing Bank lending to BNDE is envisaged in our five-year lending program (\$15 million in 1971, 1973 and 1975). So far, BNDE has been the only channel through which the Bank has made funds available for industrial and tourist development in Morocco. However, negotiations will start next week for a \$10 million loan to CIH (a credit institution specialized in housing and hotel financing) for hotel financing; once this loan is made, BNDE will concentrate mostly in lending for industry but will continue making equity investments in tourist enterprises.
3. BNDE has played a major role in financing industrial and tourist investment in the country; actually, very few new enterprises in the country have not received financial assistance from BNDE. Total BNDE financial assistance since its inception amounts to about \$155 million of which 23 percent to food processing industries, 16 percent to textile industries and 10 percent to the tourist sector. Textiles are now the most important element of its direct loan portfolio. As shown in the attached data sheet on BNDE, its direct lending operations have increased substantially since 1964 (more than threefold) to reach a level of about \$12.0 million in 1969; a third of this amount approximately was lent for tourism, mainly for hotel construction, through CIH out of World Bank loans proceeds. BNDE's projected lending activities (also shown in the attachment) showed an increase of 16 percent for the next four years; this is a substantial increase taking into account that lending for tourism will be assumed by CIH once the Bank makes loans directly to that institution. Equity investments have been low throughout the life of BNDE and non-existent for the last two years; their projected equity participations show an improvement but at still a very moderate scale after 1970.

March 5, 1970

4. During your discussions with BNDE's Chairman and Director General, you may wish to refer to the following points:

- (A) The role of BNDE as promoter of new investments has varied in different fields. In tourism, it has played an active and constructive role through its subsidiary SOMADET which has set up several hotels and holiday villages in the country. In other industrial branches, BNDE has taken a more active role in looking for partners and promoting investment than the role usually taken by a pure lending agency. However, given the relatively recent entry of Moroccan entrepreneurs into industry, and their reluctance to bring in outsiders such as BNDE as partners, equity investments have been on the low side. There is room for improvement in this area and for building up closer relations with the private sector so that BNDE can be looked at as a source of advice and equity capital.
- (B) The constraints for continuing expansion of BNDE's lending. BNDE has been so far lending from 30 percent to 40 percent. of the total cost of projects. This proportion (which is greater in most individual cases as the average is distorted by some very large investments for which French subsidized suppliers credits were available) is not out of line in relation with other development finance companies abroad and could not be easily increased.
- (C) Cooperation between BNDE and the forthcoming Bank industrial mission due to arrive in Morocco in the early days of April. Although we do not want the mission to become too identified with BNDE, Mr. Bargach's personal contacts and knowledge of the industrial sector could be of use to the mission.
- (D) Mr. Bargach may tell you of his desire to introduce more foreign expertise into BNDE. We, of course, would welcome this. However, he will probably go on to say that such expertise is very expensive and would reduce the already low dividends of BNDE, (6 percent last year and 4 percent in 1968), while the Bank and IFC continue to insist on higher dividends. The answer to that comment is, of course, that BNDE is lending at artificially low rates and that it could afford both higher dividends and foreign experts if it were allowed to lend at more than the very unrealistic rate of 7 percent.

Suggested remarks by Mr. McNamara on the occasion of the signing  
of the Fourth Loan to EME.

---

Mr. Ambassador, Mr. Chairman,

I am particularly gratified to have the opportunity to participate in the signing of this fourth loan to EME.

With this loan, the total assistance extended by the Bank to EME will have reached \$62.5 million. The continued and close relationship thus established between EME and the Bank, strengthened by IFC's participation in EME's capital, has enabled us to contribute substantially to our common objective of developing Morocco's economy.

In the industrial sector where the bulk of EME's activities are concentrated, much remains to be done, however. When I visited Morocco last November, I was impressed by the fact that industry and handicrafts contribute only 12 percent to the national product, that manufacturing employs not more than 160,000 workers and that private entrepreneurs are not demonstrating the aggressiveness which could have been expected in Morocco's liberal economy. When this situation is seen against Morocco's increasing unemployment problem, which is illustrated by the current plan target of creating 750,000 new jobs over five years, it is evident that further expansion of industry is of high national priority.

The Bank is prepared to continue and enlarge its assistance in this field, in which His Majesty King Hassan and his Government have a great interest. I expect that the forthcoming Bank industrial mission will cast light on the constraints faced by Moroccan industry in recent years and on the means of stepping up its development. Morocco's association with the

European Economic Community opens new prospects for exports which need to be thoroughly explored. In the final analysis, industrial development will hinge chiefly on the investment climate created by the Government, on the drive and initiative demonstrated by the private sector, and on the assistance provided by institutions such as BNDE. You can rest assured that the Bank will contribute to the maximum extent possible to this effort.

Finally, let me say Mr. Chairman, how glad I am to welcome you here in your new capacity. You are an old friend of the Bank, and we have had the pleasure over the years to work with you at the Bank of Morocco, then as Minister of Planning and again as Minister of Agriculture. My colleagues and I look forward to working with you in BNDE in the future. Lastly, let me also welcome Mr. Benkirane, who is at home here and whom it is always a pleasure to see.

MOROCCO - BNDE: Forthcoming Visit of Messrs. Bargach and Benkirane

1. Messrs. Bargach and Benkirane are planning to be here on Friday, March 6 for the signing of the BNDE Loan Agreement at 3.00 p.m. They are due to meet with Mr. McNamara immediately after the signing. The following appointments have also been set up at their request.

Friday, March 6 - 4.30 p.m.	Mr. W. Diamond
Monday, March 9 - 10.00 a.m.	Mr. von Hoffmann
Monday, March 9 - 11.00 a.m.	Mr. Gaud

I have also arranged for a meeting with Mr. Krishnaswamy on Monday, March 9 at 3.30 p.m.

The following issues may come up.

Management

2. It is not clear whether Mr. Bargach is a full-time President or not. From the accounts of recent visitors (Messrs. Benjenk, Khosropur), he spends much time with BNDE and is definitely not a figurehead President. Also, at Board Meetings, Dr. Khosropur reports that Mr. Bargach is very much in charge of the proceedings and has replaced Mr. Benkirane as the de facto Chairman. However, even if Mr. Bargach were to stay for quite a while at BNDE, this does not mean that Mr. Benkirane will become a "Deputy" and will devote much more time to problems of internal coordination and administration. Consequently, the need for a Deputy continues and BNDE should be kept to its commitment that a competent Deputy should be appointed by the end of August 1970.

Organization and Staffing

3. Apparently, Mr. Bargach would like to strengthen BNDE's staff but is under the impression that the Bank Group has, in the past, resisted such strengthening because of the costs involved. I have checked our various reports on BNDE for the past few years and cannot find any such position taken by the Bank. In fact, all recommendations made have always been towards further staff strengthening.

4. The last mission to BNDE found that appraisals were badly coordinated and were weak on marketing and economic evaluations. We have strongly supported Mr. Delero's (Deputy Head of the Credit Department) candidature to the next Industrial Projects Course (no decision

March 4, 1970

taken yet) at EDI and you have written Mr. Benkirane agreeing that I spend three weeks with BNDE working on these aspects.

5. You have promised BNDE some help in recruiting a marketing expert and an engineer, and you have sent a couple of memoranda to Mr. Clarke about this. We have not yet been able to come up with any candidates.

6. Another matter concerning BNDE's staff training is the intended seminar this summer. In relation to this, Mr. Krishnaswamy wrote Mr. Benkirane last week saying that he assumed that the seminar had been cancelled for June but that EDI was willing to provide help at some other time, but only on project appraisal methodology. I received yesterday a copy of a letter from Mr. Benkirane to Professor Smith which implies that Mr. Benkirane still intends to go ahead with a seminar this year, although the exact timing is not clear.

#### Promotion of New Enterprises

7. BNDE is criticized for not taking an aggressive role in the promotion of new enterprises. This criticism is not entirely justified since BNDE has started a few tourist ventures through its subsidiary SOMADET, as well as successful companies such as Sotherna and unsuccessful ones such as Nouvelle-Somatam (leather tanning). It has been willing to take fairly large equity participations in companies such as SFRM: 30% of share capital (TV and radio assembly), Lukus and Maroc-Leasing. In this sense, therefore, BNDE has been more promotionally minded than a pure lending agency. BNDE has been unwilling, however, to play the role of promoter, manager and majority owner of new enterprises. In its search for partners who would shoulder the managerial responsibilities, and with the comparative timidity of Moroccan entrepreneurs in industry as well as their reluctance to bring in outsiders such as BNDE as equity partners, this has meant an active search for foreign partners who would take the major responsibility for a project (Somadim, Cellulose du Maroc, various hotel projects and now the AKU nylon project) which BNDE would help finance.

8. This begs the question as to whether BNDE should play the role outlined above (similar to what I understand IMDBI's role to be) and to take on the major responsibility for launching new projects and possibly managing them initially. (This in Morocco at present is the function of the somewhat inactive BEPI.) Given the limitations of BNDE's present management and staff, I feel that they should not do so, although this may be a desirable function for BNDE to perform. Before BNDE can launch itself into a more promotional and managerial role, it should hire at a fairly senior level some men with actual industrial experience--something which both Bargach and Benkirane lack.

Mr. William Diamond

Reply Pending

9. We have not yet had a reply from Mr. Benkirane on your letter of November 20, 1969 regarding the stimulation of savings and the development of capital markets.

Conference of Development Banks

10. You wrote Mr. Benkirane last week suggesting that the conference, to be manageable, should be restricted to a sub-group such as the French-speaking countries of Africa rather than have it embrace all development banks in Africa.

Visit of Chairman of BNDE

1. Mr. Mohamed Bargach, the new chairman of the Board of the BNDE, intends to come to Washington next month to sign the BNDE loan and has asked to see you on the occasion of his visit here. Mr. Bargach has been a prominent figure in Moroccan politics in the past ten years, having held various Cabinet offices in the Government, the most recent of these being the position of Minister of Agriculture from 1967 to 1969. He has, in the past, been very close to the King himself although there seems to have been some estrangement between them in recent months.

2. During my brief visit to Morocco last week Mr. Bargach told me that he felt that BNDE needed to become more dynamic and do more promotional work in the Moroccan business community. He told me that his efforts in this direction were encountering some resistance within the BNDE and that one of the purposes of his visiting Washington would be to obtain support from us for some of his views. That is the background as to why he wishes to see you and Mr. Diamond.

3. Mr. Bargach is a highly intelligent man, but highly strung and, at times, demagogic. He is not likely to remain the chairman of BNDE (a part time post) very long, but he is well worth seeing. He has suggested either February 9 or February 23 for his visit, with a strong preference for the latter. If you are prepared to see him, which I recommend, and since February 23 is a holiday, I should like to propose to him that he come on February 9 or February 24. Please let me know your decision, so that I can send him a cable.

## OFFICE MEMORANDUM

TO: FILES *JK*

FROM: Hans Pollan

SUBJECT: Morocco: BNDE

DATE: January 28, 1970

1. I had a call from Mr. Green of AID who handled the work on the US/AID loan of \$3 million to the Government of Morocco which is to be relent to BNDE.

2. Mr. Green advised that the loan agreement with the Government, and the agreement between the Government and BNDE, were signed last Friday, January 23, 1970. The terms are the same that we had known; they are described in paragraph 52 of our appraisals report DB-57a.

3. I mentioned to Mr. Green that we were expecting the visit of Mr. Bargach, the new President of BNDE, sometime in February for the signing of the fourth IBRD loan to BNDE. He said that AID people concerned would probably be interested in meeting Mr. Bargach and asked that we keep him posted about the dates of Mr. Bargach's stay in Washington.

Dear Mr. Benkirane:

I write first of all to thank you for your kindness and that of Mr. Bargach in sending me a box for phonograph records. It is a lovely memento of Morocco.

We were all delighted that our Board of Directors approved a new loan to BNDE. That it did so is evidence of our wish to continue to work with you, to join with you in helping to strengthen BNDE's organization and operations, and thereby contribute to the economic development of Morocco.

With all good wishes,

Sincerely yours,

Dear Mr. Bargach:

I have delayed writing to congratulate you on your election to the presidency of the BNDE until I could combine that note with one of congratulations on BNDE's receiving a new loan from the World Bank.

As for the latter, the fact that the Bank's Executive Directors has approved a fourth loan is evidence of our continued confidence in BNDE's role in the development of the Moroccan economy. You will learn in due course of the various suggestions we have made in our assessment of BNDE with regard to the improvement of BNDE's operations and of the issues raised by our Board. But of these I believe our suggestions and issues can be dealt with satisfactorily and do not beset the fundamental fact that the Bank is prepared to continue to work with BNDE for the benefit of your Country.

As for you, we were happy to have the news of your election. You are no stranger to BNDE, but the presidency gives you a new role. I am confident that we will establish the same close relationship that we have had with your predecessors and that we shall be able to work together to strengthen BNDE.

With all good wishes,

Sincerely yours,

Morocco -- BNDE: Board Discussion of Proposed Fourth Loan

1. With reference to Mr. Carriere's question at the Board Meeting yesterday, we indeed expect BNDE to continue to experience bad debts and investments in the future. Consequently, BNDE should have forecast specific provisions for losses rather than make appropriations to General Reserves as it has done in its forecasts.

2. As stated in paragraph 35 of the report, BNDE's serious risks on its loan and equity portfolio total about DH 4-5 million, not all of which is likely to be lost because of BNDE's good security arrangements in many of these cases. Therefore, annual provisions for losses of the order of DH 500,000 (as was done for 1968) would appear reasonable.

3. If a yearly appropriation of DH 500,000 is made for specific bad debts or bad investments, and general reserves are decreased accordingly, the ratios in paragraph 54 would be as follows:

	Earnings before Interest & Taxes / Average Total Assets	Earnings after Interest, Taxes and Provisions		
		On Share Capital	On Average Equity	On Average Total Assets
1969	5.3%	14.2%	9.0%	1.26%
1970	5.7%	15.7%	9.4%	1.35%
1971	5.8%	18.0%	10.1%	1.35%
1972	5.6%	19.3%	10.2%	1.27%

4. It should be pointed out, however, that BNDE is not ignoring the possibility of losses in the future and in its projections it is planning to continue a restrictive dividend policy and it is continuing its appropriations to reserves at a fairly high rate, increasing from DH 2.13 million in 1969 to DH 3.37 million in 1974. While it is true that the lack of specific provisions shows a distorted picture from the point of view of profitability, from a tax liability viewpoint, there is little difference between appropriations to general reserves and specific provisions, since the former are tax free for BNDE, as explained in paragraph 41 of the report.

## OFFICE MEMORANDUM

**TO:** Mr. Robert S. McNamara

**FROM:** J. Burke Knapp *JMK*

**SUBJECT:** Morocco - Interest Rate Policy

**DATE:** January 14, 1970

I should like to report to you a very interesting discussion on interest rate policy in Morocco which took place at the Board meeting yesterday during consideration of the proposed loan to the Moroccan BNDE.

We were met with a barrage of criticism of our acceptance of a lending rate by BNDE of only 7%. This was led off by Carriere and joined by Wieczorowski, Lieftinck, van Campenhout and Karlsson. The only expression of dissent came from Stone who - following his usual pattern - said that the Bank should not intervene in such policy matters in member countries.

Some of the criticism, particularly by Lieftinck, was based upon the adverse effects of this low interest rate upon the financial position of the borrower and the capacity of BNDE to attract additional private subscriptions to its share capital. Most of it was directed toward the more basic question of whether such a low rate did not threaten to encourage the mis-allocation of investment. The critics were not very well satisfied with our statement that our next economic mission was going to make a thorough study of this problem.

Wieczorowski, in the course of his comments, asked if we would make another loan to BNDE if its policy were not changed. I ducked the question but Lieftinck again put it to me at a later stage in the discussion. I then remarked that I did not think this was the time or place to deliver an ultimatum to Morocco on this matter but that we were deeply concerned about the problem.

When it came Tazi's turn to express thanks for the loan, he put up a defence for the interest rate, including a remark that the IMF had always found Morocco's policy on interest rates acceptable. This led to further interventions from Lynch and Lieftinck who wanted to know more exactly what position the IMF had taken. We explained that the IMF had not joined in our strong criticism of interest rate policy in Morocco but that this did not mean that they endorsed it. I called attention to the passage in the President's report stating that our forthcoming economic mission will be closely coordinated with that of the IMF, and expressed the hope that this would lead to a more clearly defined joint view on the interest rate matter. This led to an interesting exchange between Lynch and Lieftinck with the former urging that the Fund and the Bank should come to a joint view of the matter, and Lieftinck expressing the opinion that it was perfectly proper for the Fund to conclude that Moroccan interest rate policy was consistent with short-term stability while the Bank concluded that it was inconsistent with development objectives. I closed off this debate with the remark that we were coming up with a paper about cooperation between the Fund and the Bank in connection with the Pearson recommendations, and that this subject might be pursued at that time.

# INTERNATIONAL BANK FOR RECONSTRUCTION AND DEVELOPMENT

1818 H STREET, N.W., WASHINGTON D.C. 20433 TELEPHONE: EXECUTIVE 3-6360

Bank Press Release No. 70/2  
January 14, 1970

Subject: \$15 million loan for  
industry in Morocco

The World Bank has approved a loan of \$15 million to the Banque Nationale pour le Developpement Economique (BNDE), a development finance company in Morocco. The loan will provide BNDE with the foreign exchange it will need for loans and investments for industrial enterprises until early 1971.

Established in 1959, BNDE is the largest institutional source of medium and long-term finance for industrial enterprises in Morocco. BNDE also subscribes to shares in new or expanding businesses, helps to set up new companies, guarantees investments made by other institutions, and discounts medium-term credits made by commercial banks.

Since its inception, BNDE's transactions have numbered nearly 600 and its financial assistance has amounted to some DH 836 million (\$165 million). Most of its transactions have been in the form of loans. The World Bank has provided BNDE with all its foreign exchange resources which, including the loan announced today, will have amounted to \$62.5 million. The Bank's affiliate, the International Finance Corporation, has invested about \$1 million in shares of BNDE, and, after the Moroccan Government, is the largest single shareholder.

In recent years BNDE has been providing finance for a major share of new investments and there are few new industrial enterprises which have not received some form of financial assistance from the company. Over a third of BNDE's business in 1968 and most of that in 1969 has been in tourism, mainly

through its participation in loans made for hotel construction by the Crédit Immobilier et Hôtelier (CIH), a credit institution specializing in housing and hotel financing. In the future it is expected that practically all of BNDE's lending will be for industrial projects, although the company will continue to play a promotional role and take equity participations in tourism projects. BNDE's loan commitments reached a new record in 1969 of DH 68 million (\$13.5 million). Projects under consideration cover a variety of industries including cement, textiles, pharmaceuticals, fish meal, transport, packaging and electronic assembly.

The World Bank loan to BNDE will carry an interest rate of 7% and will be guaranteed by the Kingdom of Morocco. Repayment of the loan by BNDE to the World Bank will conform approximately to repayments received by BNDE on its own sub-loans from Bank funds, which will not extend for periods beyond 15 years.

MOROCCO - Interest Rate

As you know, Mr. McNamara recently agreed to reverse the Loan Committee's decision requiring the Moroccan Government to give a formal undertaking under the BNDE loan to the effect that the Bank's recommendations on interest rate policy would be given serious consideration in due course. Mr. McNamara and Mr. Knapp only agreed to this upon my assurance that this matter would be studied very thoroughly during the next economic mission. Will you please let me know what plans you have in mind for this part of the forthcoming economic exercise and who will be assigned this particular task.

## OFFICE MEMORANDUM

TO: Files

DATE: January 12, 1970

FROM: *fm* Fernando Mendoza *WPS*SUBJECT: Morocco - Fourth Loan to BNDE  
Minutes of Negotiations

1. On November 21, BNDE and the Moroccan Government were invited to negotiate Loan and Guarantee Agreements for a \$12.5 million loan to BNDE. Negotiations took place in Washington from December 8 to December 12, 1969. The Moroccan delegation consisted of Mr. Benkirane, Director General of BNDE, and Mr. Benchekroun, Director of the Treasury in the Ministry of Finance representing the Government. On the part of the Bank, Messrs. Bart, Pollan, Nougaim, Jones, Simms and Mendoza participated in the discussions at various times.
2. The attached aide-memoire is a summary of the points on which agreement was reached other than those reflected in the Loan documents. In addition, the following matters were discussed:

Amount of the Loan

3. Mr. Benkirane raised the point that the proposed amount of the loan (\$12.5 million) would only cover BNDE's needs of foreign exchange for one year and he produced new lending projections for BNDE in support of his views. Also, both Mr. Benkirane and Mr. Benchekroun requested the Bank's agreement to allow BNDE to continue to participate with the proceeds of the new loan in CIH's loans for hotel construction, in accordance with the Bank-BNDE-CIH convention, until the proposed loan to CIH would take place; this request was supported by a letter from CIH to BNDE asking for BNDE's participation in six hotel loans for an amount of about \$2.1 million.

4. The Bank agreed to BNDE's continuing participation in CIH loans, though this would likely not matter much when a direct loan to CIH is made. After reviewing BNDE's latest lending projections (see memorandum of Mr. Nougaim to Mr. Pollan dated December 9), after Mr. Knapp's agreement, we proposed to the Moroccans a loan of \$15 million, which would cover BNDE's foreign exchange needs until about March/April 1971. This was the amount finally fixed.

Free Limit

5. Mr. Benkirane requested the Bank to consider a greater increase in the free limit than that proposed in the draft loan agreement, i.e. from \$150,000 to \$300,000; he suggested \$500,000 as an appropriate limit for BNDE in view of the noted improvements on BNDE's appraisals,

the increasing average size of sub-projects and the greater experience of BNDE's staff. Although the Bank accepted Mr. Benkirane's argument, it was explained to him that these were the very reasons why a doubling of the amount of the free limit was acceptable to the Bank and that no further increase could be considered at present.

Executive Committee limit

6. Mr. Benkirane also felt that an increase of the Executive Committee approval limit from DH 4 million to DH 6 million would result in a quicker signing of a number of loans which otherwise would have to wait until a Board meeting was held and would therefore lead to BNDE passing on the commitment changes sooner to its borrowers. The Bank was of the opinion that such a change would limit Board action on loans approvals to too small a number of operations and advised against the change. It was also pointed out that the amounts involved in terms of commitment changes differences were extremely small. Mr. Benkirane accepted to continue to present loans over DH 4.0 million to his Board for approval as in the past.

Policy statement

7. Mr. Benkirane informed the Bank, by letter of December 12, that he was planning to submit to his Board an amendment to paragraph 7 of the Statement of Policy in order to increase from 10 to 15 percent of equity and quasi-equity the maximum exposure of BNDE in any single enterprise. The Bank sent a cable to BNDE on December 15 indicating that we would have no objection to such an amendment if it were approved by BNDE's Board.

Financial return on sub-projects

8. It was agreed during negotiations that BNDE would use as one of its sub-projects screening criteria a minimum discounted financial rate of return of 10 percent. This was recorded in the Aide-Memoire to be signed by the Bank and BNDE. The method of calculating the rate of return was also agreed upon and is attached to this memorandum.

Le 12 décembre 1969

### AIDE - MEMOIRE

Les négociations pour le IVème Prêt de la BIRD à la BNDE se sont déroulées à Washington du 8 au 12 décembre 1969. La Délégation Marocaine comprenait Messieurs Benkirane et Benchofoun, représentant respectivement la BNDE et le Gouvernement. La Banque était représentée par Messieurs Bart, Pollan, Nougaim, Jones, Simms et Mendoza. Le présent aide-mémoire résume certains des points évoqués au cours des négociations.

#### Désignation d'un Directeur Général Adjoint

Monsieur Benkirane a exprimé les regrets de la BNDE de n'avoir pu désigner un Directeur Général Adjoint avant le 31 décembre 1969 ainsi qu'il avait été convenu au cours des négociations pour le IIIème Prêt à la BNDE, faute de n'avoir trouvé un candidat remplissant les conditions nécessaires. Monsieur Benkirane a réitéré l'engagement de la BNDE de désigner un Directeur Général Adjoint, la date limite pour cette désignation étant, d'un commun accord avec la BIRD, reportée à la fin d'août 1970. Il a été entendu que le titulaire de ce poste devrait être un homme dont la personnalité, la compétence, l'expérience et les qualités d'animateur le mettent à même de seconder utilement le Directeur Général.

#### Analyse Financière des Sous-Projets

Au cours des discussions sur les techniques d'évaluation des sous-projets financés par la BNDE dans le cadre du prêt de la BIRD, il a été convenu que la BNDE calculerait le taux financier de rentabilité interne pour ces projets et que de tels taux de rentabilité constitueraien l'un des critères en fonction desquels les dits projets seraient jugés et approuvés. Il a été convenu qu'un taux de rentabilité interne de 10 pourcent serait jusqu'à nouvel ordre le critère minimum auquel les projets devraient satisfaire de façon à être éligibles au financement par la BIRD. La BNDE et la BIRD ont mis au point les modalités pratiques pour l'application de cette méthode.

#### Procédure de Remboursement pour les Biens payés en Monnaie Locale

La procédure actuelle selon laquelle la BIRD rembourse à concurrence de 65 pourcent les prix des biens ayant été importés au Maroc ou ayant été manufacturés au Maroc en utilisant une forte proportion d'éléments importés, mais qui ont fait l'objet de factures ou de paiements en devises locales, ne permet pas toujours à la BIRD d'iden-

Le 12 décembre 1969

tifier le montant et l'origine des éléments importés. De façon à remédier à cet état de chose dans la mesure du possible, la BNDE a accepté que dans les cas exceptionnels où les factures ne fournissent pas les renseignements requis en ce qui concerne le montant et l'origine des éléments importés, elle procéderait elle-même à l'établissement de ces données qui seront soumises en même temps que la demande de remboursement.

Financement des Projets Hôteliers

Comme suite à la demande faite par le CIH et transmise par la BNDE portant sur la prorogation de l'accord tripartite BIRD-BNDE-CIH concernant le financement des projets hôteliers jusqu'à la conclusion du prêt direct envisagé par la BIRD en faveur du CIH, la BIRD a donné son accord pour que des projets hôteliers puissent être financés dans le cadre du nouveau prêt à la BNDE.

BNDE - Calculation of Financial Internal Rate of Return

1. The rate of return is to be calculated by discounting over time the incremental cash flows attributable to the project over its estimated life, and finding the rate which would equalize discounted inflows and outflows. For the purpose of this calculation, the following may be defined:

Estimated Life of the Project. The length of the project, and hence the discounting period, will be established by BNDE in relation to the project's useful economic life. The latter can be shorter than the assets physical life in view of technical obsolescence factors and changes in markets and tastes. On the other hand, it can be longer than the depreciation period utilized for tax purposes.

Investment. This refers to the total incremental investment in land, buildings, machinery and permanent working capital which can be attributed to the project. Outflows representing the investment should be discontinued over their disbursement period. A salvage value may remain for some of the assets at the end of the estimated life of the project, and this should be included as an inflow discounted over time.

Returns. This should be the incremental net profit attributable to the new investment, after taxes but adding back depreciation or depletion allowances for mining projects, interest charges on borrowed funds and service charges on leased assets, these assets being then considered as part of the total investment on which the rate of return calculation is carried out.

STATUTORY COMMITTEE REPORT

To: The President, International Bank for Reconstruction and Development

Report of Committee under Section 4(iii) of Article III of the Articles of Agreement on the Proposed Loan (Fourth BNDE Project) to the Banque Nationale pour le Développement Economique to be guaranteed by the Kingdom of Morocco.

The undersigned Committee constituted under Section 7 of Article V of the Articles of Agreement of International Bank for Reconstruction and Development (the Bank) hereby submits its report pursuant to Section 4(iii) of Article III of said Articles in respect of the proposal that the Bank grant to the Banque Nationale pour le Développement Economique a loan in an amount in various currencies equivalent to U.S.\$15,000,000 which loan is to be guaranteed by the Kingdom of Morocco. The purpose of said loan is to assist the Borrower in providing credits and in making other productive investments for specific investment projects in Morocco.

1. The Committee has carefully studied the merits of the proposal to grant such a loan, and of the purposes to which the proceeds of the loan are to be applied.

2. The Committee is of the opinion that the project toward the financing of which the proceeds of such loan are to be applied comes within the purposes of the Bank as set forth in Article I of said Articles of Agreement, and that said project is designed to promote the development of the productive facilities and resources of the Kingdom of Morocco and is in the interests of the Kingdom of Morocco and of the members of the Bank as a whole.

3. Accordingly, the Committee finds that said project merits financial assistance from the Bank, and hereby recommends said project for such assistance.

LOAN AGREEMENT

(Fourth BNDE Project)

Between

INTERNATIONAL BANK FOR RECONSTRUCTION  
AND DEVELOPMENT

and

BANQUE NATIONALE POUR LE  
DEVELOPPEMENT ECONOMIQUE

Dated January , 1970

LOAN AGREEMENT

AGREEMENT, dated January , 1970, between INTERNATIONAL BANK FOR RECONSTRUCTION AND DEVELOPMENT (hereinafter called the Bank) and BANQUE NATIONALE POUR LE DEVELOPPEMENT ECONOMIQUE (hereinafter called the Borrower), a company organized and existing under the laws of the Kingdom of Morocco (hereinafter called the Guarantor).

WHEREAS by loan agreements dated December 21, 1962, May 13, 1966 and November 14, 1968 between the Bank and the Borrower the Bank made loans to the Borrower in amounts in various currencies equivalent to \$15,000,000, \$17,500,000 and \$15,000,000, respectively, to assist the Borrower in providing credits and other productive investments for investment projects in Morocco;

WHEREAS such loans are guaranteed as to payments of principal, interest and other charges by the Guarantor under guarantee agreements dated December 21, 1962, May 13, 1966 and November 14, 1968;

WHEREAS the Borrower has requested the Bank to make a fourth loan to it in an amount in various currencies equivalent to fifteen million dollars (\$15,000,000) for the same purpose and

WHEREAS the Bank has agreed to make a fourth loan to the Borrower upon the terms and conditions hereinafter set forth,

- 2 -

but only on condition that the Guarantor guarantee such loan  
upon the terms and conditions of the Guarantee Agreement of even  
date herewith between the Guarantor and the Bank;

NOW THEREFORE it is hereby agreed as follows:

## ARTICLE I

### General Conditions, Definitions

Section 1.01. The parties to this Agreement accept all the provisions of the General Conditions Applicable to Loan and Guarantee Agreements of the Bank dated January 31, 1969, with the same force and effect as if they were fully set forth herein, subject, however, to the modifications thereof set forth in Schedule 2 to this Agreement (said General Conditions Applicable to Loan and Guarantee Agreements, as so modified, being hereinafter called the General Conditions).

Section 1.02. Wherever used in the Loan Agreement, unless the context otherwise requires, the several terms defined in the General Conditions have the respective meanings therein set forth, and the following additional terms have the following meanings:

- (a) "sub-loan" means a loan or credit made or proposed to be made by the Borrower out of the proceeds of the Loan to or for the benefit of an Investment Enterprise for an Investment Project;
- (b) "investment" means an investment other than a sub-loan, made or proposed to be made by the Borrower out of the proceeds of the Loan in an Investment Enterprise for an Investment Project;

- (c) "Investment Enterprise" means an enterprise to or for the benefit of which the Borrower proposes to make or has made a sub-loan or in which it proposes to make or has made an investment, in accordance with and as provided in Section 3.01 of this Agreement;
- (d) "Investment Project" means a specific project to be carried out by an Investment Enterprise, as approved or in respect of which withdrawals from the Loan Account have been authorized by the Bank, pursuant to Section 2.03 (b) of this Agreement;
- (e) "Statutes" means the statutes of the Borrower, as amended from time to time.
- (f) "Dirhams" and the letters "Dh" mean currency of the Guarantor;
- (g) "subsidiary" means any company of which a majority of the outstanding voting stock or other proprietary interest is owned, or which is effectively controlled, by the Borrower or by any one or more subsidiaries of the Borrower or by the Borrower and one or more of its subsidiaries;
- (h) "Government Agreement" means collectively Conventions No. 1, dated July 30, 1959, No. 2, dated December 15, 1959 (as amended by the Avenant A, dated August 31,

1962), No. 3, dated January 22, 1960, No. 4, dated August 31, 1962, No. 5, dated March 31, 1966 and No. 6 dated September 25, 1968, amending certain provisions of the foregoing, between the Guarantor and the Borrower, and Letter No. 303, dated March 20, 1962 from the Minister of Finance of the Guarantor to the Borrower, as the same may be amended from time to time;

- (i) "Statement of Policy" means the Statement of Policy approved by the Board of Directors of the Borrower on March 29, 1963, as amended to December 22, 1969 and as the same may be further amended from time to time with the agreement of the Bank.

## ARTICLE II

### The Loan

Section 2.01. The Bank agrees to lend to the Borrower, on the terms and conditions in this Agreement set forth or referred to, an amount in various currencies equivalent to fifteen million dollars (\$15,000,000).

Section 2.02. The Bank shall open a Loan Account on its books in the name of the Borrower and shall credit to such Account the amount of the Loan. The amount of the Loan may be withdrawn from the Loan Account as provided in, and subject to the rights of cancellation and suspension set forth in, the Loan Agreement.

Section 2.03. (a) Subject to the provisions of paragraphs (b), (c) and (d) of this Section, the Borrower shall be entitled to withdraw from the Loan Account:

- (i) amounts expended for the reasonable cost of goods and services required for carrying out the Investment Project in respect of which the withdrawal is requested;
- (ii) if the Bank shall so agree, such amounts as shall be required to meet payments to be made for the reasonable cost of such goods and services; and
- (iii) the equivalent of 65% of the invoiced price less all taxes, paid for goods purchased as set forth in paragraph (c) (ii) of this Section.

(b) No amount shall be withdrawn from the Loan Account in respect of an Investment Project unless it shall have been approved in writing by the Bank; provided, however, that such withdrawals may be made in respect of sub-loans for Investment Projects described to and authorized by the Bank for financing hereunder in accordance with the provisions of Section 3.02 (b) of this Agreement, but only up to an amount in respect of each such Investment Project which, together with any amount or amounts previously approved, requested or credited to a loan account for such Investment Project under this Agreement, or for the same project under any other loan agreement between the Borrower and the Bank, and not repaid, shall not exceed the equivalent of \$300,000 and, in respect of all such Investment Projects, the equivalent of \$4,000,000 in the aggregate, or, in either case, of such other limit as shall from time to time be determined by the Bank.

(c) It is hereby agreed, pursuant to Section 5.01 of the General Conditions, that withdrawals from the Loan Account may be made on account of (i) expenditures made prior to the date of the Loan Agreement but within the limits set forth in paragraph (d) of this Section and (ii) expenditures in the currency of the Guarantor, but only for goods previously imported into Morocco through normal trade channels or goods produced in Morocco to a substantial extent from components or raw materials so imported and purchased by Investment Enterprises to carry out Investment Projects.

(d) Except as the Bank and the Borrower shall otherwise agree, no withdrawals shall be made on account of expenditures made by any Investment Enterprise (i) for any Investment Project subject to the Bank's approval more than ninety days prior to the date on which the Bank shall have received in respect of such Project the application required under Section 3.02 (a) of this Agreement or (ii) in the case of any other Investment Project, more than ninety days prior to the date on which the Bank shall have received the description thereof pursuant to Section 3.02 (b).

Section 2.04. Three-fourths of one per cent (3/4 of 1%) per annum is specified for the purpose of Section 3.02 of the General Conditions as the commitment charge payable on the unwithdrawn amount of the Loan.

Section 2.05. The Borrower shall pay interest at the rate of seven per cent (7%) per annum on the principal amount of the Loan withdrawn from the Loan Account and outstanding from time to time.

Section 2.06. Interest and other charges shall be payable semi-annually on March 15 and September 15 in each year.

Section 2.07. (a) The Borrower shall repay the principal amount of the Loan in accordance with the amortization schedule set forth in Schedule 1 to this Agreement as such Schedule shall be amended from time to time as determined by the Bank and as reasonably required to: (i) conform in relevant part substantially to the aggregate of the amortization schedules applicable to the sub-loans and investments in respect of which withdrawals

from the Loan Account shall have been approved or authorized pursuant to Section 3.02 of this Agreement and (ii) take into account any cancellation pursuant to Article VI of the General Conditions and any repayments made by the Borrower under Section 2.08 of this Agreement, except that repayments due hereunder shall be made on March 15 and September 15 in each year. Such amendments of said Schedule 1 shall include amendments to the table of premiums on prepayment and redemption, if required.

(b) The amortization schedule applicable to each Investment Project shall provide for an appropriate period of grace, and, unless the Bank and the Borrower shall otherwise agree, (i) shall not extend beyond fifteen years from the date of approval by the Bank of such Investment Project or of authorization by the Bank to make withdrawals from the Loan Account in respect of such Investment Project, and (ii) shall provide for approximately equal semi-annual, or more frequent, aggregate payments of principal and interest or approximately equal, semi-annual, or more frequent, payments of principal.

Section 2.08. Unless the Bank and the Borrower shall otherwise agree:

(a) (i) If a sub-loan or any portion thereof shall be repaid to the Borrower in advance of maturity or (ii) if the Borrower shall sell, transfer, assign or otherwise dispose of a sub-loan or investment or any portion thereof, the Borrower

shall promptly notify the Bank and shall repay to the Bank on the next following interest payment date an amount of the Loan equal to the amount so repaid to, or disposed of by, the Borrower, but not exceeding the amount withdrawn from the Loan Account in respect of such sub-loan or investment, together with the premium specified in Schedule 1 to this Agreement or in any amendment thereof under Section 2.07 (a). The policy stated in Section 3.05 (c) of the General Conditions with respect to premiums shall apply to any such repayment.

(b) Any amount so repaid by the Borrower shall be applied by the Bank to the maturity or maturities of the principal amount of the Loan corresponding to the maturity or maturities of the sub-loan or investment or portion thereof so paid or disposed of.

(c) For the purposes of paragraph (a) of this Section, assignments to financial institutions of portions of sub-loans to secure debts for periods not exceeding one year (mise en pension) shall not be considered disposals of sub-loans.

(d) The first sentence of Section 3.05 (b) of the General Conditions shall not apply to any repayment made under paragraph (a) of this Section.

### ARTICLE III

#### Description of Project, Use of Proceeds of the Loan

Section 3.01. The Project for which the Loan is granted is the financing by the Borrower of economic development in Morocco by providing loans for productive purposes to or for the benefit of industrial or other productive enterprises in Morocco for specific development projects and through other productive investments in such enterprises, all in accordance with the Statutes and Statement of Policy of the Borrower and in furtherance of the corporate purposes of the Borrower as set forth in the Statutes.

Section 3.02. (a) When submitting an Investment Project to the Bank for approval, the Borrower shall furnish to the Bank an application, in form satisfactory to the Bank, together with a description of such Investment Project (including a description of the costs thereof proposed to be financed out of the proceeds of the Loan), the terms and conditions of the sub-loan to or investment in the Investment Enterprise, including the schedule of amortization proposed therefor, a financial and economic analysis thereof and such other information as the Bank shall reasonably request.

(b) Each request by the Borrower for authorization to make withdrawals from the Loan Account in respect of sub-loans for Investment Projects not requiring approval by the Bank shall

contain a summary description of the Investment Enterprise and the Investment Project (including a description of the costs thereof proposed to be financed out of the proceeds of the Loan) for which such authorization is requested and the terms and conditions of the sub-loan for such Investment Project, including the schedule of amortization therefor.

(c) Except as the Bank and the Borrower shall otherwise agree, applications for approval of Investment Projects pursuant to the provisions of Section 3.02 (a) of this Agreement and requests for authorizations to withdraw from the Loan Account pursuant to the provisions of Section 3.02 (b) of this Agreement shall be submitted on or before March 31, 1971.

ARTICLE IV

Bonds

Section 4.01. If and as the Bank shall from time to time request, the Borrower shall execute and deliver Bonds representing the principal amount of the Loan as provided in Article VIII of the General Conditions.

Section 4.02. The Borrower shall from time to time, as required, notify the Bank in writing of the person or persons designated by it as its authorized representatives for the purposes of Section 8.10 of the General Conditions.

ARTICLE V

Particular Covenants

Section 5.01. The Borrower shall carry out the Project described in Section 3.01 and conduct its operations and affairs in accordance with sound financial and investment standards and practices, with qualified and experienced management and personnel.

Section 5.02. (a) The Borrower shall exercise its rights in relation to each Investment Project financed in whole or in part with the proceeds of the Loan in such manner as to protect the interests of the Bank and of the Borrower.

(b) The Borrower undertakes that unless the Bank shall otherwise agree, any sub-loan or investment will be made on terms whereby the Borrower shall obtain, by written agreement or other appropriate legal means, rights adequate to protect the interests of the Bank and the Borrower, including, in the case of any such sub-loan and, to the extent that it shall be appropriate in the case of any such investment: (i) the right to require the Investment Enterprise to carry out and operate the Investment Project with due diligence and efficiency and in accordance with sound technical, financial and management standards and to maintain adequate records; (ii) the right to require that the goods to be financed with the proceeds of

the Loan shall be used exclusively in the carrying out of the Investment Project; (iii) the right of the Bank and the Borrower to inspect such goods and the sites, works, plants and construction included in the Investment Project, the operation thereof, and any relevant records and documents; (iv) the right to require that the Investment Enterprise shall take out and maintain such insurance, against such risks and in such amounts, as shall be consistent with sound business practice and that, without any limitation upon the foregoing, such insurance shall cover marine, transit and other hazards incident to acquisition, transportation and delivery of the goods financed out of the proceeds of the Loan to the place of use or installation, and that any indemnity thereunder shall be payable in a currency freely usable by the Investment Enterprise to replace or repair such goods (v) the right to obtain all such information as the Bank or the Borrower shall reasonably request relating to the foregoing and to the administration, operations and financial condition of the Investment Enterprise; and (vi) the right of the Borrower to suspend or terminate access by the Investment Enterprise to the use of the proceeds of the Loan upon failure by such Investment Enterprise to perform its obligations under its agreement with the Borrower.

(c) The Borrower shall at all times make adequate provision to protect itself against any loss resulting from changes in the

rate of exchange between Dirhams and the currency or currencies in which the Borrower's outstanding money obligations shall have to be met.

Section 5.03. (a) The Borrower shall furnish to the Bank all such information as the Bank shall reasonably request concerning the expenditure of the proceeds of the Loan, the Project, the Investment Enterprises, the Investment Projects, the sub-loans and investments, the subsidiaries, and the administration, operations and financial condition of the Borrower.

(b) The Borrower shall maintain records adequate to record the progress of the Project and of each Investment Project (including the cost thereof) and to reflect in accordance with consistently maintained sound accounting practices the operations and financial condition of the Borrower, and shall enable the Bank's representatives to examine such records.

(c) The Borrower shall: (a) have its accounts and financial statements (balance sheet, statement of income and expenses and related statements) for each fiscal year audited, in accordance with sound auditing principles consistently applied, by independent auditors acceptable to the Bank; (b) furnish to the Bank as soon as available, but in any case not later than six months after the end of each such year, (i) certified copies of its financial statements for such year as so audited and (ii) the report of such audit by said auditors, of such scope and in such detail as the Bank shall have reasonably requested; and (c) furnish to the Bank such other information concerning the accounts and financial statements of the Borrower and the audit thereof as the Bank shall from time to time reasonably request.

Section 5.04. (a) The Bank and the Borrower shall cooperate fully to ensure that the purposes of the Loan will be accomplished. To that end, the Bank and the Borrower shall from time to time, at the request of either party, exchange views through their representatives with regard to the progress of the Project, the performance by the Borrower of its obligations under the Loan Agreement, the administration, operations and financial condition of the Borrower and any other matters relating to the purposes of the Loan.

(b) The Borrower shall promptly inform the Bank of any condition which interferes with, or threatens to interfere with, the accomplishment of the purposes of the Loan, the maintenance of the service thereof or the performance by the Borrower of its obligations under the Loan Agreement.

Section 5.05. The Borrower undertakes that, except as the Bank shall otherwise agree: (a) if the Borrower or any subsidiary shall create any lien on any of its assets as security for any debt, such lien will equally and ratably secure the payment of the principal of, and interest and other charges on, the Loan and the Bonds, and that in the creation of any such lien express provision will be made to that effect; and (b) if any lien shall be created on any assets of the Borrower, other than under (a) above, as security for any debt, the Borrower shall grant to the Bank an equivalent lien satisfactory to the Bank: provided, however,

that the foregoing provisions of this Section shall not apply to:  
(i) any lien created on property, at the time of purchase thereof,  
solely as security for the payment of the purchase price of such  
property or (ii) any lien arising in the ordinary course of  
banking transactions and securing a debt maturing not more than  
one year after its date.

Section 5.06. Subject to such exemption as shall be conferred  
by the provisions of Sections 3.03 and 3.04 of the Guarantee  
Agreement, the Borrower shall pay or cause to be paid all taxes,  
if any, imposed under the laws of the Guarantor or laws in effect  
in the territories of the Guarantor on or in connection with the  
execution, issue, delivery or registration of the Loan Agreement,  
the Guarantee Agreement or the Bonds, or the payment of principal,  
interest or other charges thereunder; provided, however, that the  
provisions of this Section shall not apply to taxation of payments  
under any Bond to a holder thereof other than the Bank when such  
Bond is beneficially owned by an individual or corporate resident  
of the Guarantor.

Section 5.07. The Borrower shall pay or cause to be paid all  
taxes, if any, imposed under the laws of the country or countries  
in whose currency the Loan and the Bonds are payable or laws in  
effect in the territories of such country or countries on or in  
connection with the execution, issue, delivery or registration of  
the Loan Agreement, the Guarantee Agreement or the Bonds.

Section 5.08. (a) Except as the Bank shall otherwise agree, the Borrower shall not amend its Statement of Policy nor propose to its shareholders any amendment to its Statutes.

(b) The Borrower shall duly perform all its obligations under the Government Agreement. Except as the Bank and the Borrower shall otherwise agree, the Borrower shall not take or concur in any action which would have the effect of amending, abrogating, assigning or waiving any provision of the Government Agreement.

Section 5.09. The Borrower shall cause its subsidiaries to observe and perform the obligations of the Borrower hereunder to the extent to which the same may be applied thereto as though such obligations were binding upon such subsidiaries.

Section 5.10. Except as shall be otherwise agreed between the Bank and the Borrower, the Borrower shall not incur or permit any subsidiary to incur any debt if, after the incurring of such debt, the consolidated debt of the Borrower and all its subsidiaries then incurred and outstanding would be greater than four and one-half times the consolidated capital and surplus of the Borrower and all its subsidiaries.

For the purposes of this Section:

- (a) The term "debt" means any debt incurred by the Borrower or any subsidiary maturing more than one year after the date on which it is originally

incurred, including debt assumed or guaranteed by the Borrower or by a subsidiary but not including (i) debt so guaranteed when the resulting liability is fully covered by a guarantee of the Guarantor in favor of the Borrower or subsidiary, as the case may be, or (ii) the Borrower's commitments to commercial banks in respect of notes rediscountable by the Borrower at the Banque du Maroc and representing credits granted by such commercial banks.

- (b) Wherever reference is made in this Section to the incurring of debt, such reference shall include any modification of the terms of payment of such debt. Debt shall be deemed to be incurred (i) under a loan contract or agreement on the date and to the extent it is drawn down pursuant to such loan contract or agreement and (ii) under a guarantee agreement, on the date the agreement providing for such guarantee has been entered into.
- (c) Whenever in connection with this Section it shall be necessary to value in terms of Dirhams debt payable in another currency, such valuation shall be made at the prevailing lawful rate of exchange at which such other currency is, at the time of such valuation, obtainable for the purposes of servicing such debt.

- (d) The term "consolidated debt of the Borrower and all its subsidiaries" means the total amount of debt of the Borrower and all its subsidiaries, excluding: (i) any debt owed by the Borrower to any subsidiary or by any subsidiary to the Borrower or to any other subsidiary and (ii) the amount of the Government loans and other loans referred to in paragraph (e) (ii) and (iii) of this Section.
- (e) The term "consolidated capital and surplus of the Borrower and all its subsidiaries" means the aggregate of (i) the total unimpaired capital, surplus and free reserves of the Borrower and of all its subsidiaries after excluding such items of capital, surplus and free reserves as shall represent equity interests of the Borrower or of any such subsidiary in the Borrower or in any subsidiary, (ii) the amount of the loans totalling DH 40 million from the Guarantor pursuant to Conventions Nos. 4, 5 and 6 included in the Government Agreement repayable after the latest of the dates of all outstanding maturities of the sub-loans, the schedules of amortization for investments, the loans made by the Borrower

out of the proceeds of all other loans made by the Bank to the Borrower and the schedules of amortization for the investments made out of such proceeds, and (iii) such amount of any other loan which the Bank may determine to be included in the consolidated capital and surplus of the Borrower. For the purposes of this paragraph (e), free reserves shall include "provision pour risques de mobilisation de crédit à moyen terme" and "fonds spécial pour risques de prêts en cours."

## ARTICLE VI

### Remedies of the Bank

Section 6.01. If any event specified in Section 7.01 of the General Conditions or in Section 6.02 of this Agreement shall occur and shall continue for the period, if any, therein set forth, then at any subsequent time during the continuance thereof, the Bank, at its option, may by notice to the Borrower declare the principal of the Loan and of all the Bonds then outstanding to be due and payable immediately, together wit' the interest and other charges thereon; and upon any such declaration such principal, interest and charges shall become due and payable immediately, anything to the contrary in this Loan Agreement or in the Bonds notwithstanding.

Section 6.02. The following additional events are specified for the purposes of Section 7.01 of the General Conditions:

- (a) any part of the principal amount of any loan to the Borrower having an original maturity of one year or more shall, in accordance with its terms, have become due and payable in advance of maturity by reason of any default on the part of the Borrower or otherwise as provided in the relative contractual instruments, or any security constituted thereunder shall have become enforceable;

- (b) a resolution shall have been passed for the dissolution or liquidation of the Borrower.
- (c) a change shall have been made in the Borrower's Statutes without the Bank's consent which, in the Bank's judgment, shall be a substantial change, and such situation shall not have been corrected within a period of sixty days following notice thereof by the Bank to the Borrower; and
- (d) a subsidiary or any other entity shall have been created or acquired or taken over by the Borrower, if such creation, acquisition or taking over would adversely affect the conduct of the Borrower's business or the Borrower's financial situation or the efficiency of the Borrower's management and personnel, and such situation shall not have been corrected within a period of sixty days following notice thereof by the Bank to the Borrower.

## ARTICLE VII

### Termination, Miscellaneous

Section 7.01. The date of April 27, 1970 is hereby specified for the purposes of Section 11.04 of the General Conditions.

Section 7.02. The Closing Date shall be June 30, 1973, or such other date as shall be agreed upon between the Bank and the Borrower.

SCHEDULE 2

Modifications of the General Conditions

For the purposes of this Agreement, the provisions of the General Conditions are modified as follows:

(1) The following subparagraph (d) is added to Section 3.05:

(d) The Bank and the Borrower may from time to time agree upon arrangements for prepayment and the application thereof in addition to, or in substitution for, those set forth in paragraph (b) of Section 3.05 and in Section 8.15.

(2) The words "Investment Projects" are substituted for the words "the Project" at the end of Section 5.03.

(3) Section 6.03 is deleted and replaced by the following new Section:

Section 6.03. Cancellation by the Bank. If (a) the right of the Borrower to make withdrawals from the Loan Account shall have been suspended with respect to any amount of the Loan for a continuous period of thirty days, or (b) by the date specified in Section 3.02 (c) of the Loan Agreement no applications for approval or requests for authorization to withdraw from the Loan Account in respect of any portion of the

Loan shall have been received by the Bank, or having been so received, shall have been denied, or (c) after the Closing Date an amount of the Loan shall remain unwithdrawn from the Loan Account, the Bank may by notice to the Borrower terminate the right of the Borrower to request such approvals and authorizations or to make withdrawals from the Loan Account, as the case may be, with respect to such amount or portion of the Loan. Upon the giving of such notice such amount or portion of the Loan shall be cancelled."

(4) Paragraph (d) of Section 7.01 is amended to read as follows:

"(d) A default shall have occurred in the performance of any other covenant or agreement on the part of the Borrower or the Guarantor under the Loan Agreement, the Guarantee Agreement or the Bonds, or under any other loan agreement between the Borrower and the Bank or any guarantee agreement between the Guarantor and the Bank guaranteeing a loan to the Borrower, or under any bond issued pursuant to any such agreement, and such default shall continue for a period of sixty days after notice thereof shall have been given by the Bank to the Borrower and the Guarantor."

GUARANTEE AGREEMENT

(Fourth BNDE Project)

Between

KINGDOM OF MOROCCO

and

INTERNATIONAL BANK FOR RECONSTRUCTION  
AND DEVELOPMENT

Dated January , 1970

GUARANTEE AGREEMENT

AGREEMENT, dated January , 1970, between the KINGDOM OF MOROCCO (hereinafter called the Guarantor) and INTERNATIONAL BANK FOR RECONSTRUCTION AND DEVELOPMENT (hereinafter called the Bank).

WHEREAS by the Loan Agreement of even date herewith between the Bank and Banque Nationale pour le Developpement Economique (hereinafter called the Borrower), the Bank has agreed to make to the Borrower a loan in various currencies equivalent to fifteen million dollars (\$15,000,000), on the terms and conditions set forth in the Loan Agreement, but only on condition that the Guarantor agrees to guarantee the payment of the principal of and interest and other charges on such loan; and

WHEREAS the Guarantor, in consideration of the Bank's entering into the Loan Agreement with the Borrower, has agreed so to guarantee such obligations of the Borrower;

NOW THEREFORE the parties hereto hereby agree as follows:

ARTICLE I

Section 1.01. The parties to this Guarantee Agreement accept all the provisions of the General Conditions Applicable to Loan and Guarantee Agreements of the Bank dated January 31, 1969, subject, however, to the modifications thereof set forth in Schedule 2 to the Loan Agreement (said General Conditions Applicable to Loan and Guarantee Agreements, as so modified, being hereinafter called the General Conditions), with the same force and effect as if they were fully set forth herein.

Section 1.02. Wherever used in this Agreement, unless the context shall otherwise require, the several terms defined in the Loan Agreement and in the General Conditions shall have the respective meanings therein set forth.

ARTICLE II

Section 2.01. Without limitation or restriction upon any of the other covenants on its part in this Agreement contained, the Guarantor hereby unconditionally guarantees, as primary obligor and not as surety merely, the due and punctual payment of the principal of, and the interest and other charges on, the Loan, the principal of, and interest on the Bonds, and the premium, if any, on the prepayment of the Loan or the redemption of the Bonds, all as set forth in the Loan Agreement and in the Bonds.

### ARTICLE III

Section 3.01. It is the mutual intention of the Guarantor and the Bank that no other external debt shall enjoy any priority over the Loan by way of a lien on governmental assets. To that end, the Guarantor undertakes that, except as the Bank shall otherwise agree, if any lien shall be created on any assets of the Guarantor as security for any external debt, such lien will in se facto equally and ratably secure the payment of the principal of, and interest and other charges on, the Loan and the Bonds, and that in the creation of any such lien express provision will be made to that effect: provided, however, that the foregoing provisions of this Section shall not apply to:

(i) any lien created on property, at the time of purchase thereof, solely as security for the payment of the purchase price of such property, or (ii) any lien arising in the ordinary course of banking transactions and securing a debt maturing not more than one year after its date.

The term "assets of the Guarantor" as used in this Section includes assets of the Guarantor or of any of its political subdivisions or of any agency of the Guarantor or of any such political subdivision, including the Banque du Maroc or any other institution performing the functions of a central bank.

Section 3.02. (a) The Guarantor and the Bank shall cooperate fully to ensure that the purposes of the Loan shall be

accomplished. To that end, each of them shall furnish to the other all such information as it shall reasonably request with regard to the general status of the Loan. On the part of the Guarantor, such information shall include information with respect to financial and economic conditions in the territories of the Guarantor and the international balance of payments position of the Guarantor.

(b) The Guarantor and the Bank shall from time to time exchange views through their representatives with regard to matters relating to the purposes of the Loan and the maintenance of the service thereof. The Guarantor shall promptly inform the Bank of any condition which shall arise that shall interfere with, or threaten to interfere with, the accomplishment of the purposes of the Loan or the maintenance of the service thereof.

(c) The Guarantor shall afford all reasonable opportunity for accredited representatives of the Bank to visit any part of the territories of the Guarantor for purposes related to the Loan.

Section 3.03. The principal of, and interest and other charges on, the Loan and the Bonds shall be paid without deduction for and free from any taxes, and free from all restrictions, imposed under the laws of the Guarantor or laws in effect in its territories; provided, however, that the provisions of this Section shall not apply to taxation of payments under any Bond

to a holder thereof other than the Bank when such Bond is beneficially owned by an individual or corporate resident of the Guarantor.

Section 3.04. This Guarantee Agreement, the Loan Agreement and the Bonds shall be free from any taxes that shall be imposed under the laws of the Guarantor or laws in effect in its territories on or in connection with the execution, issue, delivery or registration thereof.

Section 3.05. The Guarantor shall not amend the Government Agreement without the approval of the Bank.

Section 3.06. The Guarantor shall not take any action or permit any of its political subdivisions or any of its agencies or instrumentalities or any agency or instrumentality of any such political subdivision to take any action which would prevent or materially interfere with the carrying on by the Borrower of its operations and enterprise in an efficient and businesslike manner, or with the performance by the Borrower of any of its covenants, agreements and obligations in the Loan Agreement contained, and shall take or cause to be taken all reasonable action which shall be required on its part in order to enable the Borrower to perform such covenants, agreements and obligations.

Section 3.07. The Guarantor shall make arrangements to protect the Borrower against any loss in connection with the payment of

interest or other charges on or the repayment of principal of  
the Loan or the Bonds as a result of a change in the rate of  
exchange between Dirhams and the currency or currencies in which  
such payments are to be made.

ARTICLE IV

Section 4.01. The Guarantor shall endorse, in accordance with the provisions of the General Conditions, its guarantee on any Bonds to be executed and delivered by the Borrower. The Minister of Finance of the Guarantor is designated as the authorized representative of the Guarantor for the purposes of Section 8.10 (a) of the General Conditions. The Minister of Finance may designate other or additional authorized representatives for the purposes of such Section, by notice to the Bank.

ARTICLE V

Section 5.01. The following addresses are specified for the purposes of Section 10.01 of the General Conditions:

For the Guarantor:

Ministere des Finances  
Rabat, Morocco

Alternative address for cables:

Ministere Finances

1. Attached for your approval are the following documents for the above project, all of which, except the Supplemental letters, are to be distributed to the Executive Directors for consideration at a meeting on January 13, 1970:

- (a) Draft President's Report;
- (b) Appraisal Report;
- (c) Draft Loan and Guarantee Agreements;
- (d) Draft Supplemental Letters.

2. The earlier green cover Appraisal Report has been substantially modified to reflect the decision taken at the Special Loan Committee meeting of November 5, 1969 to negotiate a loan for an amount which would cover BNDE's foreign exchange needs until April 1, 1970 (approximately \$12.5 million). Since that meeting, the amount of the loan has, with your agreement, been increased to \$15 million to take account of the most recent forecast of BNDE's lending during the period to be covered by the loan as well as of its continued participation in some loans made for hotel construction by the Credit Immobilier et Hotelier.

3. This memorandum and the papers mentioned above have been cleared by the Departments concerned.

4. I would appreciate your giving any comments you may have to Mr. Bart (Ext. 4807).

Cher Monsieur BART,

Je vous remercie de vos lettres en date des 15 et 17 Décembre 1969 et de votre télex en date du 25 courant au sujet du projet de contrat de prêt et documents annexes relatifs au 4ème prêt de la BIRD à notre Banque.

J'ai le plaisir de vous informer de l'accord unanime de notre Conseil d'Administration qui s'est réuni le 22 Décembre 1969 sur les diverses dispositions du contrat de prêt et lettres annexes et sur le contenu de l'aide-mémoire mis au point lors de mon dernier séjour à Washington.

Ceci étant, je vous prie de bien vouloir trouver ci-joint l'original de l'aide-mémoire en date du 12 Décembre 1969, dûment signé par mes soins.

En vous remerciant de votre coopération qui nous a permis d'arriver si rapidement à des résultats satisfaisants, je vous prie de croire, Cher Monsieur BART, à ma considération distinguée et à mes meilleurs voeux de prospérité et de bonheur pour vous et pour votre famille.

Le 12 décembre 1969

A I D E - M E M O I R E

Les négociations pour le IVème Prêt de la BIRD à la BNDE se sont déroulées à Washington du 8 au 12 décembre 1969. La Délégation Marocaine comprenait Messieurs Benkirane et Benchekroun, représentant respectivement la BNDE et le Gouvernement. La Banque était représentée par Messieurs Bart, Pollan, Nougaim, Jones, Simms et Mendoza. Le présent aide-mémoire résume certains des points évoqués au cours des négociations.

Désignation d'un Directeur Général Adjoint

Monsieur Benkirane a exprimé les regrets de la BNDE de n'avoir pu désigner un Directeur Général Adjoint avant le 31 décembre 1969 ainsi qu'il avait été convenu au cours des négociations pour le IIIème Prêt à la BNDE, faute de n'avoir trouvé un candidat remplissant les conditions nécessaires. Monsieur Benkirane a réitéré l'engagement de la BNDE de désigner un Directeur Général Adjoint, la date limite pour cette désignation étant, d'un commun accord avec la BIRD, reportée à la fin d'août 1970. Il a été entendu que le titulaire de ce poste devrait être un homme dont la personnalité, la compétence, l'expérience et les qualités d'animateur le mettent à même de seconder utilement le Directeur Général.

Analyse Financière des Sous-Projets

Au cours des discussions sur les techniques d'évaluation des sous-projets financés par la BNDE dans le cadre du prêt de la BIRD, il a été convenu que la BNDE calculerait le taux financier de rentabilité interne pour ces projets et que de tels taux de rentabilité constituerait l'un des critères en fonction desquels les dits projets seraient jugés et approuvés. Il a été convenu qu'un taux de rentabilité interne de 10 pourcent serait jusqu'à nouvel ordre le critère minimum auquel les projets devraient satisfaire de façon à être éligibles au financement par la BIRD. La BNDE et la BIRD ont mis au point les modalités pratiques pour l'application de cette méthode.

Procédure de Remboursement pour les Biens payés en Monnaie Locale

La procédure actuelle selon laquelle la BIRD rembourse à concurrence de 65 pourcent les prix des biens ayant été importés au Maroc ou ayant été manufacturés au Maroc en utilisant une forte proportion d'éléments importés, mais qui ont fait l'objet de factures ou de paiements en devises locales, ne permet pas toujours à la BIRD d'iden-

Le 12 décembre 1969

tifier le montant et l'origine des éléments importés. De façon à remédier à cet état de chose dans la mesure du possible, la BNDE a accepté que dans les cas exceptionnels où les factures ne fournissent pas les renseignements requis en ce qui concerne le montant et l'origine des éléments importés, elle procéderait elle-même à l'établissement de ces données qui seront soumises en même temps que la demande de remboursement.

Financement des Projets Hôteliers

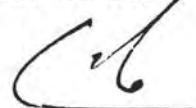

Comme suite à la demande faite par le CIH et transmise par la BNDE portant sur la prorogation de l'accord tripartite BIRD-BNDE-CIH concernant le financement des projets hôteliers jusqu'à la conclusion du prêt direct envisagé par la BIRD en faveur du CIH, la BIRD a donné son accord pour que des projets hôteliers puissent être financés dans le cadre du nouveau prêt à la BNDE.

## OFFICE MEMORANDUM

TO: Files.

DATE: December 19, 1969

FROM: Roger Blondel *R.B.*SUBJECT: MOROCCO - Visit by Mr. Mohamed Benkirane, Director General of BNDE,  
December 11, 1969cc Bay of Tangiers  
Habib Bankcc Tu-Aku  
Nylon Ind  
Proj

1. While visiting the Bank to discuss the proposed fourth loan to his company, Mr. Benkirane, the Director General of BNDE, met on December 11, 1969, with IFC staff to review the current status of various projects under consideration for possible joint financing. Messrs. von Hoffmann, Kreuter and Blondel attended the meeting.

BNDE

2. Mr. Benkirane first referred to BNDE's operations and said they were progressing satisfactorily. With a view to increasing the present 6% dividend paid by his company, attempts are being made to increase investments in high yielding paper, a task which is made difficult by the scarcity of attractive securities and by the lack of an organized financial market in Morocco. With respect to BNDE's internal procedures, Mr. Benkirane said that the Executive Committee is now functioning satisfactorily and that its working methods have improved. He expressed the opinion that the discretionary limit of this committee of DH 4 million<sup>1/</sup> should be increased substantially as a number of large projects, many of which are in the neighborhood of US\$ 2 million equivalent, are being submitted in increasing numbers for financing to BNDE.

3. In response to a question by Mr. von Hoffmann about the investment climate in Morocco, Mr. Benkirane said that there was a definite "reprise". Although certain traditional activities such as textiles are now fairly well equipped and need financing mostly for expansion and working capital, opportunities for sizeable new projects exist in the artificial fibers' sector, as evidenced by the nylon venture sponsored by AKU. Moreover, said Mr. Benkirane, other traditional activities such as flour mills, many of which were started in the late 40s, are now in need of modernization and are seeking new financing.

Cellulose du Maroc

4. Referring to the Cellulose du Maroc expansion project, Mr. Kreuter noted that we had not heard for some time from Cellulose du Pin, the mother company, and he asked Mr. Benkirane whether this may indicate that they (Cellulose du Pin) were losing interest in the project. Mr. Benkirane attributed the apparent slowness of Cellulose du Pin to submit a complete project report to the current reorganization of that company which has recently become a subsidiary of the Saint-Gobain group. He replied that several directors of Cellulose du Pin had recently visited Morocco to discuss timber prices with the Government, and Government's attitude towards ownership of Cellulose du Maroc's forestry holdings.

1/ According to BNDE's Policy Statement, all projects submitted to the DFC for financing must obtain approval by the Executive Committee if below DH 4 million equivalent.

5. Mr. von Hoffmann said that we (IFC) should talk to Cellulose du Pin and to Mr. Brac de la Perriere at Progil upon a next visit to Paris.

SAS Project

6. Mr. Benkirane reviewed the situation in connection with the Agadir Hotel Project which is presently being promoted by SAS Airlines and Somadet. The total cost of the project (which consists of a hotel with a capacity of 1,000 beds) is around DH 20 million (US\$ 4 million) and is expected to be financed by a share capital of DH 6 million, a Prime d'Equipement of DH 2.4 million, and credits to be provided in part by Somadet.

7. Since IFC had been approached by SAS some weeks ago with a request to consider participating in this project, several financing possibilities were reviewed. Mr. von Hoffmann indicated that subject to a satisfactory result of our appraisal of the project, we would be willing to consider joining in it with an equity and loan investment. Mr. Benkirane promised to report our willingness to invest to the Scandinavian sponsors whom he was expecting to meet shortly in Copenhagen. We told Mr. Benkirane that we would write a letter confirming our interest in the project to Mr. Haekkerup<sup>2/</sup> who is a Director of SAS and a main promoter of this project and we suggested that he (Mr. Benkirane) explore informally with the Moroccan authorities whether the project would be eligible for the benefit of the Prime d'Equipement and whether an IFC investment would receive the necessary approvals from the Government. Mr. Benkirane promised to keep us informed of new developments and left with us copies of several documents relating to the project. Among these is a letter by Mr. Haekkerup to the Moroccan Minister of Tourism dated October 21, 1969 giving the total project cost and a tentative completion schedule; and a Protocole Agreement between SAS, BNDE and the latter's affiliate company, Somadet, in which it is decided to set up a joint Societe Immobiliere to implement the project. According to the Protocole, the share capital of the Societe Immobiliere is to be owned 60% by SAS and/or companies designated by it.

Other hotel projects

8. Mr. Benkirane briefly stated the present status of BNDE's hotel projects in Tarazhoute and Marrakech. We informed him of the reasons for our lack of interest in the Tarazhoute project, namely (i) the small size of our participation (around \$165,000) and (ii) the fact that the financing of this project was fully secured even in the absence of a participation by IFC.

---

2/ This letter has been sent today.

AKU Nylon Project

9. Referring to the nylon project sponsored by AKU, Mr. Benkirane said that Mr. Zillikens would be in Morocco in the near future to discuss the project with a private group of investors and with BNDE. He said that the leader of the private group was Mr. Moulay Ali Kettani, who is President of Texnord and various other textile companies and a prominent industrialist in Morocco.

10. According to Mr. Benkirane, AKU wishes to retain the majority of the shares. However, the Moroccan group of investors have expressed the opinion that the project should be controlled by Moroccan interests. Mr. Benkirane wished to know whether, in case IFC decided to participate in the share capital, we would be ready to enter into an arrangement with the Moroccan investors whereby we would agree to sell back to them a portion of our holdings sufficiently large to ensure that their group would become the major shareholder. Mr. von Hoffmann replied that, while IFC had often agreed to keep available a proportion of its share investment in a company for purchase by local investors, we could not possibly commit ourselves to resell our shares to a pre-determined group. He indicated that in addition to a suitable long-term loan we would be ready to consider investing in the share capital which is estimated to total about US\$ 8 million. He further indicated that we would be willing to consider setting aside a proportion of our share capital participation under a Stock Reservation Agreement for sale to potential Moroccan investors.

Lukus

11. Mr. Benkirane enquired about our impressions of Lukus following our technical appraisal mission in September. Mr. von Hoffmann said that the company's results could be ascribed partly to bad weather conditions which had adversely affected this year's tomato harvest but also to the devaluation of the French Franc which has hurt Lukus' exports, the lack of a coordinated export promotion policy by the Moroccan authorities, and deficiencies in the plant's technical management. Although the mission had not yet reached its final conclusions, it was felt that an expansion of the tomato concentrating equipment was justified within the next two years. Mr. von Hoffmann indicated that IFC would be sending a representative in the second half of January to discuss Lukus' problems with BNDE and the company's management.

Bay of Tangiers area

12. The last BNDE project to be mentioned by Mr. Benkirane was a project in the Bay of Tangiers area. According to Mr. Benkirane,

International Hosts, Inc., a US company based in Boston, Mass. with offices in Paris and Cairo, is interested in doing business in Morocco, might invest in this project and would be able to provide management know-how. Mr. Benkirane promised to keep us informed of developments.

MOROCCO - 4th BNDE loan  
Presentation to the Executive Directors

Negotiations for the fourth loan to BNDE, which were started on December 8, were completed last Friday evening. We had planned to schedule this loan for Board action on January 6, but because of the holidays the papers must lie before the Executive Directors longer than usual. We now plan to send you the draft documents on December 23 so that they can be distributed to the Executive Directors by December 30 for the meeting of January 13. The Secretary's and Programming and Budgeting Departments have been informed of this change.

Dear Mr. Benchekroun:

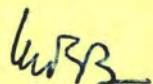

Fourth BNDE loan

Please find enclosed herewith the French and English versions of the draft Guarantee and Loan Agreements and the draft Supplemental letters as agreed upon in Washington during negotiations.

You will notice that there are two minor changes in the English version of the draft Loan Agreement. The first one substitutes the word "each" in line 15 of Section 2.03 (b) for the word "either"; this change is of an editorial nature and does not affect the French translation. The second change is in line 8 of Section 2.07 (a) where the word "requested" has been replaced by the word "authorized" in order to be consistent with the new system under which free limit sub-loans result in authorization to withdraw instead of request for crediting to the loan account; the same correction has been incorporated in the French version.

With best regards.

I also enclose two signed copies of the agreed aide-mémoire for your signature. There again please note two purely editorial changes, one in paragraph 3 and one in paragraph 4, which I believe improve the style. Letter No. 1

Dr. A. A. Khosropur  
c/o Hilton Rabat Hotel  
Rabat  
Morocco

Dear Khosro:

We just got yesterday the agenda for BNDE's Board Meeting and in a day or two we should be able to suggest a communication to you on the two project items, Maroc Leasing VI and CADEM, as well as other matters.

I cabled you today to alert you to the dispatch of this letter which deals principally with some highlights of the recent negotiations with Mr. Benkirane and Mr. Benchekroun (who represented the Moroccan Government) concerning the fourth loan to BNDE. The amount of the proposed loan is \$15 million. It is supposed to cover BNDE's estimated foreign exchange needs through March 1971. BNDE as far as the Bank is concerned would continue being allowed to finance hotels. Indeed, Mr. Benkirane produced a letter from Mr. Lazrak, Director General of CIH, in which he asked that BNDE finance from the proposed loan, once it is available, six hotels for a total of \$2.1 million equivalent.

The date by which BNDE is to appoint a Deputy Director General was moved from December 31, 1969, as had been agreed by Messrs. Bart and Benkirane in September 1968, to the end of August 1970. Mr. Benkirane can brief you on this aspect.

In negotiations, Mr. Benkirane requested that the Bank agree to increase the discretionary limit of BNDE's Executive Committee from DH 4 million to DH 6 million. We saw no good reason to accommodate this request, neither were we given one. After consultation with IFC, we therefore declined this request. Should Mr. Benkirane wish to propose it again in due course he would have to give us a well-founded reason for doing so.

On the other hand, the Bank agreed to Mr. Benkirane's request for our agreement to change the limit set forth in paragraph 7 of BNDE's Policy Statement concerning commitments to a single enterprise from 10% to 15%. You will recall that the draft appraisal report dated October 23 already suggested that an increase occur in absolute terms from DH 7 million to DH 10 million. This would have had the effect at that time of a 13% limit.

The limit has been put on a percentage basis and the Bank agreed, as per the attached cable. I suppose that IFC will revert to this matter in its cable briefing to you because Mr. Benkirane told us that he wants to put this matter to the BNDE Board at the meeting of December 22.

Mr. Benkirane also wondered whether you would consider remaining in Rabat through and including December 29 to participate in BNDE's screening committee meeting to be held on that Monday to deal with a review of various project papers prior to their presentation to BNDE's Executive Committee. Mr. Benkirane wants you to see the committee in action.

Should you only be coming back after the first of the year, I wish you all the best for a splendid transition into 1970. I will repeat my wishes on March 21, 1970 for 1970.

With best regards,

Sincerely yours,

Morocco - 4th BNDE loan - Presentation to the Executive Directors

1. Negotiations for a fourth loan to BNDE were completed last Friday. Presentation to the Executive Directors is at present scheduled for January 6. To meet this target we ought to submit the draft loan documents, appraisal report and President's report to Mr. Knapp by tomorrow, which is not possible in view of the changes to be introduced in the appraisal report and of the time required to complete the draft President's report.

2. After consultation with Mr. Pollan, I suggest to postpone presentation to the Executive Directors to January 13. This would require submission of the documents to Mr. Knapp on December 24 and distribution to the Executive Directors on December 31. May I have your approval, please.

Dear Mr. Benkirane:

Fourth BNDE loan

Please find enclosed a marked copy of the English version of Supplemental Letter No. 1 as agreed between us last Friday. Please note that the word "only" has been added at the beginning of the new text agreed upon; I think it now reflects more precisely our mutual understanding.

I shall forward to you a copy of the draft loan documents to be submitted to our Executive Directors as soon as they are reprinted.

I am also enclosing herewith a copy of my letter to Mr. Tahiri giving the Bank's comments on the Wright Engineer's report on the SEFERIF mining project, that you requested during your stay in Washington last week.

We all enjoyed having you with us in Washington.

Sincerely yours,

Messieurs,

Au cours de nos entretiens du 8 au 12 décembre 1969 au sujet du quatrième prêt de la BIRD à notre Banque, j'ai eu l'honneur de vous informer que je me propose de soumettre à notre prochain conseil d'administration qui se tiendra le 22 décembre 1969 à Rabat la résolution suivante portant modification du paragraphe septième de la Déclaration de Politique Générale de la Banque ainsi rédigé:

"La BNDE ne doit pas normalement faire de prêts directs ou d'autres investissements en faveur d'une seule entreprise s'élevant à plus de 15 pourcent de son capital versé, de ses réserves et de l'encours des prêts à long terme de l'Etat, à l'exception de ceux couverts par une garantie publique ou aval de la C.C.G. ou par un aval ou une caution bancaire après examen de la situation financière de la Banque intéressée." .....

Vous avez bien voulu me faire savoir que vous n'aviez pas d'objections sur l'amendement su-visé. Conformément aux dispositions des contrats de prêts signés avec votre Banque, je vous serais reconnaissant de bien vouloir me confirmer votre accord à ce sujet.

Veuillez agréer, Messieurs, l'expression de mes sentiments distingués.

MOROCCO - BNDE: Revision of Appraisal Report

1. As soon as the present loan negotiations with BNDE are over, we shall revise our Appraisal Report on BNDE (IB 57, October 23, 1969) for Board presentation. I would appreciate your comments, particularly with respect to Part II: Economic and Financial Environment, in the light of the most recent economic information available to you.

2. As discussed over the phone, I am attaching a copy of Report IB 57 that you can pencil in any suggestions you may have.

Thank you.

MOROCCO - BNDE: Loan Negotiations. Maximum Exposure in a Single Enterprise

1. BNDE's Policy Statement, as amended on September 24, 1969 states that:

"BNDE should not normally make direct loans or other investments in favor of one single enterprise aggregating more than 10% of BNDE's paid-up capital, reserves and outstanding long-term Government loans, with the exception of such loans and investments which are covered by a Government guarantee or guarantee from the Caisse Centrale de Garanties or by a bank guarantee after examination of the financial position of the bank concerned. In entering into discounting arrangements with a commercial bank, involving contingent liabilities, BNDE will limit the amount of its individual commitments on the basis of its assessment of the financial position of the bank concerned and in the light of BNDE's share capital and reserves."

2. During our appraisal mission to BNDE last April, BNDE's management expressed the desire to be able to undertake maximum commitments of DH 10 million instead of DH 7.3 million under the 10% normal limitation outlined in its Policy Statement. We recommended in the Appraisal Report on BNDE (IB 57, October 23, 1969, paragraph 47) that such an increase be agreed to.

3. During negotiations, Mr. Benkirane asked for our agreement for maximum commitments equivalent to a 15% limit of share capital plus subordinated loans (rather than DH 10 million previously requested). A 15% limit would represent now a maximum exposure of DH 11 million as compared to the DH 10 million previously recommended. It would in fact be more appropriate to relate the size of the maximum exposure to the level of 1 equity and subordinated loans, growing or decreasing proportionately with them, rather than as an absolute amount; the latter had been done only at the request of BNDE in April. A normal 15% maximum exposure per enterprise is not excessive, and I recommend that we do not object to BNDE's request for our agreement to change its Policy Statement in order to put the 15% limit into effect.

MOROCCO - BNDE: Forecast of Resources Needed and  
Size of Proposed Bank Loan

Commitments

1. Mr. Benkirane gave us yesterday afternoon some recent figures on actual commitments for 1969, and BNDE's projections of commitments for the next five years.
2. Commitments so far in 1969 have totalled DH 49.965 million in foreign exchange loans, and Mr. Benkirane plans to sign in December new contracts for DH 16.5 million of which DH 11 million in foreign exchange financing. Thus total commitments for 1969 would amount to DH 66.5 million of which DH 61 million for foreign exchange loans. This is not materially different from the commitment figure of DH 65 million for 1969, given in the appraisal report on BNDE (DB 57, October 23, 1969).
3. For 1970 and 1971, BNDE plans to have loan commitments of DH 65 million and DH 60 million, respectively. This compares with last April's estimates of DH 50 million of new commitments for each of these two years. Mr. Benkirane thinks that BNDE's traditional financing pattern will continue and that 90% of new loan commitments will be for foreign exchange needs.

Pipeline of Projects

4. To support his argument that BNDE's commitments will be higher than estimated earlier, Mr. Benkirane has given us a list of projects in the pipeline at BNDE. This pipeline consists of 25 industrial projects for DH 376.8 million. The pipeline includes six very large projects for DH 235 million, for which BNDE will only provide partial financing, and the timing of which is uncertain. The six projects are as follows (DH thousands):

SCP (Pipeline)	DH 20,000
Samir (Refinery)	DH 30,000
Cellulose du Maroc (Paper pulp)	DH 50,000
Nylon Project (AKU)	DH 50,000
Minas del Rif (Mining)	DH 75,000
Maroc Leasing	<u>DH 10,000</u>
	DH 235,000

5. The inclusion of these very large projects obviously inflates BNDE's pipeline. When they are excluded, the remaining pipeline consists of 19 industrial projects involving direct BNDE financial assistance of DH 142 million.

December 9, 1969

6. The total pipeline in May 1969 consisted of 30 industrial projects for DH 173 million and 18 hotel projects for DH 54 million. When 4 large industrial projects for DH 100 million and 3 large tourist projects which were unlikely to be financed, are excluded, the May pipeline amounts to DH 98 million.

7. Thus, the present pipeline, after exclusion of very large projects is about 50% higher than last May which included hotels. This would tend to support Mr. Benkirane's view that BNDE's industrial financing volume is picking up. Mr. Benkirane thinks that most of these projects will come up for financing in 1970. Although there are bound to be many ~~small~~ties, the pipeline of DH 142 million, excluding hotels and large projects, could lead to foreign exchange commitments of DH 65 million in 1970 and DH 60 million in 1971, particularly since casualties will be replaced by new projects.

#### Resources Needed

8. I have worked out, in the attachment, the resources needed by BNDE on the basis of commitments, for different time periods (13, 16 and 19 months) and on both the old projections basis (DB-57, October 23, 1969) and the new basis. Assuming that half of the \$3 million AID loan (not yet signed) is for foreign exchange requirements, BNDE would need the following amounts to cover its foreign resource gap:

	Original Forecast	Revised Forecast
	\$	\$
Through December 31, 1970	19.20	18.5
Through March 31, 1971	11.4	14.2
Through June 30, 1971	13.7	16.9
Through December 31, 1971	18.2	22.3

#### Size of Bank Loan

9. In view of the Loan Committee's recommendation that we should cover BNDE's requirements for commitments through March 1971, I would recommend a loan of \$ 14 million as a reasonable estimate of resources needed for that period.

MOR-BNDE

December 2nd, 1969.

Monsieur Mohamed Benkirane,  
Directeur Général,  
Banque Nationale pour le Développement Economique  
Boîte Postale n° 407,  
Rabat,  
Maroc.

Cher Monsieur Benkirane,

En vue des négociations qui doivent bientôt se tenir entre la BNDE et la Banque, et donc de la nécessité de mettre à jour notre rapport pour la présentation prochaine du prêt à notre Conseil d'Administration, je vous saurais gré de demander à vos services de préparer certaines informations d'ordre statistique et financier.

J'inclus, tout d'abord, un résumé des bilans et comptes d'exploitation de la BNDE au 31 décembre 1968 (Annexes 9 et 10) et il serait utile que ces chiffres soient mis à jour en ajoutant une colonne pour les résultats et bilans au 30 septembre, 1969.

Pour ce qui est de l'annexe 8, décrivant le portefeuille d'actions de la BNDE, il faudrait mettre à jour les trois dernières colonnes avec les bénéfices et dividendes sur l'exercice 1968 au lieu de 1967.

Dans l'annexe 7, les opérations approuvées durant les neuf premiers mois de 1969 devraient être insérées dans l'avant-dernière colonne, et les chiffres totaux ajustés en conséquence. Je vous serais reconnaissant si vous pouviez aussi faire vérifier par les services compétents les chiffres se rapportant aux années précédentes, qui contiennent certaines erreurs. Par exemple, pour 1968, le total de l'assistance directe nette (DH900 + DH63,275) ne correspond pas au total de DH68,875 reporté plus bas.

Je voudrais vous demander une liste aussi récente que possible des contrats signés en 1969, ainsi que des contrats en instance de signature.

J'espère que cette demande d'informations ne vous causera pas trop de dérangement. En attendant le plaisir de vous revoir bientôt à Washington, je vous prie d'agrérer, cher Monsieur Benkirane, l'assurance de mes meilleurs sentiments.

Dear Mr. Minister:

I am pleased to confirm my cable of November 21 inviting the Government to send representatives to Washington on December 8, 1969 to negotiate a Guarantee Agreement for a proposed \$12.5 million Bank loan to BNDE. A parallel invitation was sent to the Chairman of BNDE, and His Highness the Prince Moulay Hassan has communicated to us his agreement to it, nominating Mr. Benkirane as BNDE's representative. I look forward to hearing from you whether the suggested date is convenient and who will represent the Government in these negotiations.

For your convenience, I enclose translations of our initial drafts of the loan documents. In order to save time, I am forwarding a preliminary draft of the French translation which has not yet been reviewed by our Legal Department. The English versions, which I also enclose, should, in any case, be considered as the official versions of the drafts.

His Highness  
Prince Moulay Hassan Ben-Mehdi

P.O. Box 407  
Rabat, Morocco

Your Highness:

I wish to thank you for your cable of November 24 agreeing to start negotiations on December 8 for a proposed fourth loan to BNDE, and nominating the Director General, Mr. Benkirane, as BNDE representative. The other purpose of this letter is to give you advance notice of the points we would like to discuss during the negotiations.

In addition to reaching agreement on the usual draft loan documents, we intend to raise two other major points during negotiations, namely the appointment of a suitable Deputy Director General to BNDE and the methods and criteria for the evaluation of projects financed by BNDE under the present circumstances.

As Your Highness is aware, the Bank has always attached a great importance to the reinforcement of BNDE's management through the appointment of a suitable Deputy Director General who would assist the Director General in the task of coordinating BNDE's different departments and in BNDE's day to day operations. This need has become more pressing with BNDE's increasing volume of work and its expanding portfolio. As previously discussed with BNDE's management, we expect BNDE to make during negotiations firm and specific proposals as to candidates for the post and the timing of the appointment, to which BNDE would formally commit itself.

The second matter which we intend to discuss, is the

evaluation of projects financed by BNDE. This has already been the subject of extensive discussions between the Bank and BNDE's Director General, the last of which took place during the Bank's Annual Meeting in late September. As there was agreement in principle to analyse projects from the financial and economic view points in a way which would be independent from the interest rates charged on the loans made by BNDE, we intend to exchange ideas at a technical level with a view to reaching agreement as to the specific techniques which ought to be used to that effect.

Of course, these are not the only matters that would be discussed during negotiations and we are prepared to review with BNDE's representative any other matters that you or Mr. Benkirane may wish to bring up.

For your convenience, I enclose translations of our initial drafts of the loan documents. In order to save time, I am forwarding a preliminary draft of the French translation which has not yet been reviewed by our Legal Department. The English versions, which I also enclose, should, in any case, be considered as the official versions of the drafts.

I am sending a copy of this letter to Mr. Benkirane, as he has been directly involved in the discussions on the above matters.

1969 DEC - 1 AM 10:51

RECEIVED  
GENERAL FILES

Je me réjouis d'apprendre que les négociations au sujet du 4ème prêt à notre Banque vont bientôt commencer à Washington. En effet, le 3ème prêt de 15 M. \$ consenti à notre Banque a été complètement épuisé voir dépassé à fin octobre 1969 soit moins d'un an après la signature de nos accords le 14 novembre 1968 ce qui témoigne une fois de plus de la capacité d'absorption de notre Banque et des besoins croissants du secteur industriel privé local.

Vous avez, en m'annonçant l'ouverture des négociations pour un 4ème prêt, mentionné l'octroi à notre Banque d'un prêt de 12,5 M. de \$. Ce montant me paraît très insuffisant au regard de nos emplois basés sur les affaires à l'étude pour les mois de novembre et de décembre, et pour les exercices 1970 et 1971.

Comme la mission B.I.R.D. l'a bien constaté lors de son récent séjour au Maroc et comme l'attestent encore diverses démarches de promoteurs locaux et étrangers, nos affaires à l'étude connaissent une progression sensible qui témoigne d'un regain d'activité industrielle au Maroc.

De telles affaires concernent les secteurs divers tels que les mines, les cimenteries, le raffinage du pétrole, les fibres synthétiques, les engrains, l'emballage, l'industrie de la pâte à papier, l'industrie de transformation des produits agricoles.

Notre intervention dans ces divers projets permettrait d'assurer dans de meilleures conditions l'expansion industrielle du Pays laquelle comme vous le savez a été l'objet principal de nos entretiens avec M. le Président Robert S. McNAMARA lors de sa dernière visite au Maroc.

Je vous adresse à ce sujet l'aide-mémoire que nous lui avons remis relatif à divers problèmes de notre Banque et notamment à ses besoins en ressources en devises pour les périodes 1969/1974.

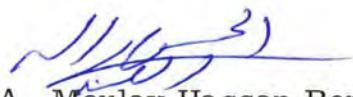

. / .

Par ailleurs, comme vous le savez, notre qualité de Banque de Développement nous impose de nous couvrir pour une période suffisamment longue qui ne saurait sans dommage, être inférieure à deux exercices.

De plus, l'importance de vos concours pour le financement de nos emplois évalués de façon réaliste est directement liée à notre rentabilité qui se doit de s'améliorer au meilleur profit de ses actionnaires.

En vous remerciant de votre appui, je vous prie de croire,  
Cher Monsieur Lejeune, à l'expression de ma considération distinguée. -

Le Président,

S. A. Moulay Hassan Ben Mehdi. -

I/ Opérations de crédit de la Banque au 31 octobre 1969 :

L'activité de la B. N. D. E. a été caractérisée, au cours de ses 10 années d'existence, par une intervention de plus en plus efficace dans l'économie marocaine tant par la nature que par le nombre de ses interventions.

Au 31. 10. 1969, la B. N. D. E. aura agréé 573 opérations représentant 163 M. de dollars qui ont permis la réalisation d'investissements s'élevant à 400 M. de dollars, soit un effet multiplicateur de 2,50.

L'ensemble des crédits directs financés sur les ressources propres, sur celles de l'Etat ou du marché local, et sur les lignes ouvertes à notre Banque par la B. I. R. D., s'élève au 31. 10. 1969 à 75,4 M. de dollars. Ces crédits directs ont permis la création ou l'extension d'entreprises industrielles diverses requérant un investissement de 205 M. de dollars avec un effet multiplicateur de près de 3.

L'ensemble des lignes B. I. R. D. ouvertes à notre Banque s'élève à 47,5 M. de dollars utilisés au 31. 10. 1969 à hauteur de 32,5 M. de dollars.

La 3ème ligne B. I. R. D. de 15 M. de dollars consentie le 14 novembre 1968 à la B. N. D. E. pour une durée d'un an, a été complètement engagée à la fin du mois d'octobre 1969, ce qui démontre notre capacité d'utilisation des crédits, et les besoins croissants du secteur privé.

## II/ Participations de la Banque :

Diverses participations ont été souscrites par la Banque pour près de 4 M. de dollars, la plupart dans des affaires nouvelles relevant de la promotion industrielle ou touristique ; leur rendement sans être encore satisfaisant, s'améliore d'année en année.

La Banque se propose, compte tenu de ses ressources propres, de participer davantage au capital de sociétés rentables en exploitation ou en création afin de mieux renforcer sa profitabilité et de répondre aux besoins du secteur industriel privé.

## III/ Activité de promotion :

Afin de contribuer à l'expansion du secteur industriel et touristique dans le pays, notre Banque a entrepris diverses études grâce aux ressources mises à sa disposition par l'Etat, ou par certains Gouvernements étrangers. C'est ainsi que nous avons pu réaliser dans le domaine industriel, d'importantes études portant sur la fibranne, la pêche au thon, l'industrie chimique, la céramique, le ver à soie, le maïs, les huilleries, l'industrie laitière, l'industrie du jus de fruits.

D'autre part, notre Banque a joué un rôle pilote dans les études touristiques ; c'est ainsi qu'avec le concours de bureaux spécialisés étrangers elle a réalisé une étude sur les possibilités touristiques des côtes marocaines, et sur les projets d'aménagement de la Baie de Tanger, de Ksar-Seghir, et de Tarhасoute près d'Agadir.

Ces diverses études ont permis, dans certains cas, d'attirer des investissements locaux ou étrangers dans des secteurs nouveaux ou insuffisamment exploités.

Poursuivant son effort dans le domaine de la promotion, notre Banque se propose de concentrer ses efforts au cours des 5 prochaines années sur l'étude, par des sociétés spécialisées, des possibilités de transformation de produits agricoles dans le cadre des zones irriguées ou en voie d'irrigation. Elle envisage également d'entreprendre, par les mêmes moyens, une vaste étude d'identification de projets industriels au Maroc.

Compte tenu de l'expérience de la B.I.R.D. et de la S.F.I. en ce domaine, nous nous proposons de leur demander leur assistance pour mener à bonne fin ces importantes études.

La Banque est d'avis que de telles études conditionnent son expansion dans les années à venir, leur réalisation devant accroître son activité dans le domaine des prêts.

#### IV/ Emploi et ressources prévisibles pour 1969-74 :

Nos prévisions d'emploi pour 1969-74, connues de la mission B.I.R.D. qui s'est rendue au Maroc aux mois de Mai et Septembre 1968 et évaluées suivant ses propres indications, s'élèvent pour le secteur industriel à 75,6 M. de dollars.

Compte tenu de nos possibilités d'autofinancement et de la soulte du 3ème prêt B.I.R.D., les prévisions de ressources nécessaires en devises pour cette période atteignent 62 M. de dollars.

Pour les deux prochaines années (Novembre 1969 - Octobre 1971), nos besoins en devises s'élèvent à 25 M. de dollars.

Pour diverses raisons relevant aussi bien de la technique bancaire que de la nature de la demande de leurs clients, les banques de développement devraient pouvoir disposer de lignes de crédit d'une durée minimum de 2 ans.

#### V/ Evaluation des projets :

Grâce à l'expérience acquise au contact de la B.I.R.D. et de la S.F.I., à l'effort entrepris par la Banque par le recrutement et la formation d'agents qualifiés, nos méthodes d'évaluation s'améliorent d'année en année.

L'évaluation technique et économique effectuée par nos ingénieurs et nos économistes précède et étoffe désormais l'analyse financière qui constituait, jusqu'à une date récente, la base principale de nos études.

Afin de renforcer davantage la formation de ses cadres, la Banque a organisé en 1969 des séminaires avec le concours de Professeurs de Harvard Business School, et se propose d'organiser chaque année, en relation avec Harvard Business des séminaires sur l'administration des entreprises pour ses cadres et ses principaux clients.

Nous sommes conscient que l'acquisition des méthodes modernes de gestion par nos cadres aura d'heureuses incidences sur l'évaluation des projets soumis à notre examen, et donnera une meilleure efficacité aux concours que sommes appelés à donner à certains de nos clients.

Les Compagnies Financières de Développement ne devraient pas servir à notre avis uniquement d'intermédiaire entre l'épargne étrangère et les investisseurs locaux, elles devraient être également un organe de transmission des méthodes modernes de travail aux hommes d'affaires locaux qui sous-estiment parfois les effets des méthodes de gestion dont l'emploi, autant sinon plus que l'investissement, peut améliorer la profitabilité des entreprises.

• • •

Au-delà de son rôle classique de banquier, la B.N.D.E. a exercé une action de promotion industrielle par le financement direct de nouvelles affaires, par l'octroi de prêts à de nouveaux promoteurs, par le lancement et le financement d'unités pilotes dans de nouveaux secteurs, et par la diffusion dans les milieux d'affaires marocains, de méthodes modernes d'évaluation et de gestion des affaires. -

Mr. Lejeune is using the "new auditing clause" in connection with the BNDE loan. I have promised that, if the Moroccans kick up a fuss because this new standard clause is so new, I would agree to revert to the precise phraseology used in the previous loan -- but only this time.

Minutes of Special Loan Meeting to discuss a proposed fourth loan to the Banque Nationale pour le Developpement Economique (BNDE), Morocco, held on November 5 at 11:30 a.m.

---

1. Present: Messrs. Knapp (Chairman), Cope, Broches, Diamond, Lejeune, Benjenk, Bart, T. Jones, McCall, Mendoza, Pollan and Pearce.

2. Issues: The meeting considered the Area Department memorandum of November 3, 1969 (LC/0/69-95) which recommended negotiations for a proposed fourth loan to BNDE of \$18 million. It had been called to discuss the related issues of Morocco's interest rate structure and ENDE's lending rate.

3. Discussion: The Area Department recalled that the Moroccans, at the 1969 Annual Meeting, had confirmed their readiness that a proposed study, to be undertaken with Bank assistance, be made of the country's interest rate structure. This study, which would also include a review of industrial subsidies and incentives along the lines previously recommended for tourism, would address itself mainly to the question of interest rate policy in relation to resource allocation, mobilization of savings and price stability. It would be undertaken within the context of the country economic review scheduled for March/April, 1970, and would be followed by discussions with the Government in the last quarter of 1970 and early 1971 (i.e. during the greater part of the two year commitment period envisaged for the proposed fourth loan to BNDE).

4. For some years the Bank had been concerned about the effect on its operations of the low interest rate (currently 7%) applied by BNDE. The lending rate, however, need not affect the selection of projects provided that BNDE required appropriate standards of profitability in the projects it financed. The Development Finance Companies Department said that ENDE had agreed orally to the requirement of a minimum of gross return of 10% on a project, and could probably be relied upon to implement the agreement. There was also some concern about the much lower effective interest rate of Credit Immobilier et Hotelier (CIH) resulting from the rebate of 4.25% given by the Government to CIH borrowers which reduced the rate they paid from 8.7% to 4.5%. Accordingly, a similar procedure had also been tentatively agreed with CIH and recorded in a draft Memorandum of Understanding.

5. The Chairman said that the real question was that of the general level of interest rates in Morocco. He felt that the Bank could go ahead with a loan to BNDE provided that the Government was willing to cooperate in the study of interest rates and to discuss with the Bank the study's findings.

6. The Chairman said that in order to retain Bank leverage on the general interest rate issue, BNDE should be kept on a short leash, i.e. the proposed loan should be only so large as to permit commitments up to the time we could reasonably expect agreement on the results of the interest rate study and on its implementation. Having regard to all the facts, he thought the proposed loan should cover the period through March 1971. The Development Finance Companies Department said this would require a loan of \$12.5 million, compared with the \$18 million loan currently envisaged through December, 1971.

7. The Chairman considered that a forthcoming proposed loan to CIH should also be geared to the same commitment period, for these reasons: (a) CIH was a new client, (b) BNDE should not be treated less favorably than CIH, and (c) CIH was affected no less than BNDE by the general interest rate issue. Accordingly, a loan of about \$10 million might be appropriate, subject to the findings of the appraisal mission.

8. Conclusion: It was agreed that negotiations for the proposed fourth loan to BNDE should proceed on the basis of paragraphs 4-5 above and that the loan should be reduced to an amount reflecting BNDE's commitment requirements through March/April 1971 (about \$12.5 million).

Cher Monsieur Bart,

Je me réfère à nos derniers entretiens à Washington et à Rabat au mois de septembre et octobre 1969, relatifs à l'application par notre banque de certaines dispositions contenues dans le mémorandum daté du 10 septembre 1968.

Comme je l'ai indiqué, il ne nous a pas été possible de procéder à la date prévue à la désignation d'un directeur général-adjoint, chargé de seconder la direction générale de la Banque, compte tenu de l'accroissement sensible de nos activités, en raison du départ imprévisible d'un de nos directeurs de département ce qui nous a amené à assurer en priorité le maintien et la consolidation des cadres de notre établissement.

Au plus tard à la fin du mois d'août 1970, et compte tenu de la situation de la banque, je me propose de prendre les mesures nécessaires pour recruter à l'extérieur de la banque un agent qualifié et compétent ayant l'expérience requise pour assumer la fonction concernée.

Au cas où il se révèlerait difficile de trouver à cette date un tel agent, je me propose de nommer l'un des directeurs de département en place, en l'occurrence M. Azzedine Sefroui dont l'expérience, les qualités professionnelles et morales, et l'esprit d'équipe sont de nature à m'assurer de ses capacités à remplir la fonction de directeur général-adjoint à la BNDE.

En vous informant de ces dispositions, je vous serais reconnaissant de bien vouloir lui donner un caractère réservé et confidentiel, dans l'intérêt bien compris de l'organisation de la Banque.

Veuillez agréer, Cher Monsieur Bart, l'expression de mes sentiments de considération distinguée.

DIRECTION GÉNÉRALE

Monsieur Maurice Dart.

BIRD. Washington D.C.

Monseigneur Dart,

Je me réfère à vos lettres au sujet de Washington et à Rabat aux mois de septembre et octobre 1969, relatives à l'application par votre banque de certaines dispositions contenues dans la memorandum daté du 10 septembre 1968.

Comme je l'ai souligné, il ne m'a pas été possible de procéder à la date fixée à la désignation d'un directeur général adjoint, croyant le meilleur la direction générale de la Banque, compte tenu de l'accroissement sensible de son activité, en raison des défauts imprévus de l'un de nos directeurs. Le directeur adjoint ce qui nous a amenés à annuler sa fonction le matin et la consolider la celle de notre directeur.

Se pliant à la fin de l'avis d'Host 1970, et compte tenu de la situation de la banque, je me propose de faire la même recommandation pour recruter à l'avenir à la banque un agent qualifié et compétent ayant l'expérience requise pour assurer la fonction concernée.

Si tel n'est pas nécessairement l'efficacité de l'agent à cette date, en tant qu'agent, je me propose de nommer l'un des directeurs de l'agence en place, car l'ancien M. Azeddine Lefrani, dont l'expérience, les qualités professionnelles et morales, et l'esprit d'équipe sont de nature à nous assurer de ses capacités à remplir la fonction de directeur adjoint à la BNDE.

tu me renseignes de ta situation, je vous serai reconnaissant de bien  
noter que ton caractère grave et confidentiel, dans l'intérêt  
de confier de l'organiser à la Banque.

Veuillez agréer, cher Monsieur Bast, l'expression de mes sentiments les plus cordialement.  
L. Bignon.

Morocco: Further Processing of Appraisal Report on BNDE

There are several items which you should take care of in connection with above.

Appraisal Report

a. We will need to insert recent unaudited financial statements of BNDE. We have already those from June 30, 1969, but I would prefer that you arrange with BNDE to get data as of September 30, 1969.

b. We should have as recent data as possible on the position of contracts signed and expected to be signed by BNDE in respect of its direct loans. (I recall that the data sent in Mr. Benkirane's telex of September 16 to you was very useful and might serve as a format for more recent data needed.)

c. As Loan 571-MOR may be fully credited very shortly the resource computation set forth in paragraph 52 of report DB-57 should be updated. You should also be in touch with AID (Mr. Green's office) to learn the latest status of the \$3 million AID loan.

You should work out a program to discuss criteria for project evaluations requiring a minimum gross return of 10% along the lines discussed in the draft minutes of the special Loan Committee Meeting held on November 3 regarding BNDE (copy attached -- see paragraphs of our draft within brackets). You may get some help on this from the memorandum on the similar arrangement that we have tentatively worked out with CIH. Furthermore, you will recall that the concept on the return on investment in judging the project merit was used by BNDE in project No. A-26 Nassige Al-Maghrib.

Morocco

1. Mr. Bart will join Mr. Benjenk in Morocco from November 10 to 16 in order to assist in the preparations for and program of Mr. McElroy's visit. Mr. Bart will also raise with RIME the main subjects to be discussed during the forthcoming negotiations for a fourth loan.

Syria

2. Messrs. Bart, de Wit and Armstrong will proceed to Damascus on November 17 with a view to: (i) completing the updating of the draft economic report on Syria and (ii) discussing with the authorities possible further lending.

3. Mr. de Wit will stay in Syria about one week in the course of which he will, jointly with Mr. Armstrong: (i) discuss with the authorities the present draft report and economic developments since it was prepared; and (ii) collect the data needed to bring the draft report up to date. Mr. Bart will participate in the discussions on (i) above to the extent he deems desirable.

4. Mr. Armstrong will remain in Syria for about two weeks in total to pursue the discussions and data collection. Upon his return to Washington, he will write a short back-to-office report. Immediately thereafter, he will proceed with the updating of the draft report so as to have it completed by the end of December at the latest.

5. Mr. Bart will discuss with the authorities a possible second road project and identify in a preliminary way sectors or projects which could lend themselves to financing by the Bank along the lines set out in the Bank's letter to the Finance Minister of August 20, 1969.

Jordan

6. Mr. Bart will proceed to Jordan on or about November 22 for general discussions with the Government on the projects in the Bank/IIB lending program.

Lebanon

7. Mr. Bart will proceed to Lebanon on or about November 25 to discuss with the Government the status of the projects in the Bank lending program and possibility of concluding a project identification mission in the course of 1970.

8. If his workload in the Park permits, Mr. Mendoza will join Mr. Bart in Damascus on November 17 and accompany him to Jordan and Lebanon.

9. Messrs. Bart and Mendoza are expected to be back in Washington on December 1. They will write a short back-to-office report upon their return.

Annual Meeting - Review of Discussions

Following our review of the discussions that took place at the Annual Meeting, it appears that the following principal actions are pending.

India

1. A mission is scheduled for January to review ICICI's operations and to see whether the rate of commitment of resources justifies proceeding at once with a loan.
2. You will put out the revised version of the end-use report in the next week or so.
3. You owe me a letter to Parekh along the lines we discussed.

Ireland

1. We await your review of the papers Mr. Murray left regarding the ICC.
2. Depending on the results of that review, we may have to plan a mission to Ireland.

Ivory Coast

1. A follow-up mission is scheduled for mid-November.
2. One of the objects of the mission is to form an independent judgement on the question of the management succession in BIDI and what kind of back-up assistance an Ivorian manager would need.
3. We must look out for a controller to meet the specifications you agreed with Rohnfelder.

Morocco

1. The BNDE Appraisal Report has not yet gone to the Loan Committee.
2. We have undertaken to find for BNDE an engineer and an economist to meet the specifications you agreed with the Bank.
3. Can we use somewhere, persons with the experience of Kabbaj and Mansouri.

Mr. Pollan

Morocco (cdd.)

4. We await your draft proposed report on CIR.
5. You owe the Finance Minister a letter on the matters you discussed with him during the Annual Meeting.

Nigeria

1. Our mission is due in Nigeria in mid-November to review the situation of the company.
2. We must arrange for Ahmed's visit to NIDB.

Trinidad and Tobago

1. I await a discussion with you and de Andrea on where we go from here on the new bank.

Jamaica

1. I await your proposals on what action is needed with regard to JDB.

Morocco - BNDE: Talk with Mr. Mohamed Benkirane on  
September 23, 1969 in Rabat

1. In connection with CIH business I had to go to Rabat from Casablanca last Tuesday. I took advantage of that visit to talk with Mr. Benkirane with whom I spent about 2-1/2 hours. The principal topics were the proposed IBRD loan to BNDE, possible measure to improve BNDE's performance in project appraisal, and ways to further the training of BNDE's staff.

2. Proposed Loan. Mr. Benkirane was keen to know when he could expect negotiations to take place and I told him that no date had been fixed as yet. I expressed the hope that during the forthcoming Annual Meeting which Mr. Benkirane is attending as Moroccan Alternate Governor for the Bank, the Bank would be in a position to let him know. Mr. Benkirane is keen on obtaining a loan of \$20-25 million because of his judgment of BNDE's business prospects and because of what he considers high BNDE's capacity to "consume" (in fact Mr. Benkirane is very proud that BNDE has moved quite rapidly through the Bank's third loan made in November 1968 and that except for the large Holiday Inn project in Marrakesh which BNDE is no longer pursuing, there has been no project refused by the IBRD).

3. I am sure that the question of the size of the loan will be raised by Mr. Benkirane during the Annual Meeting. I recommend that this matter be left for the negotiations.

4. In discussing BNDE's recent operations and near-term business outlook, I enquired about the substantial drop in BNDE's medium-term re-discountable loan business in 1969 as compared to earlier years. Mr. Benkirane stressed that this was due to the restrictions imposed on the Moroccan Bank by the Central Bank on regarding the credit volume in 1969; this feature had also been stressed to me earlier by Mr. Bengelloun, President of Banque Marocaine pour le Commerce Exterieur. Mr. Benkirane did not expect a significant rise in the medium-term re-discountable loan business until the Central Bank's "plafonds" is raised as expected later in 1969.

5. Improvements of BNDE's Project Work. Mr. Benkirane himself referred to the weaknesses in BNDE's economic and marketing evaluation connected with its project appraisal. He very much wants IBRD's help and guidance. I mentioned that we may be favorable disposed to arrange the visit for a few weeks of possibly one or two Bank staff members to help BNDE's appraisal staff in improving these aspects. This would mean that such a mission would have to work actively with BNDE's appraisal staff. I also told Mr. Benkirane that according to my feeling the work of such a mission may throw-up more precisely BNDE's specific weaknesses (staff, lack of specific expertise) which might be alleviated by an Advisor or an economist whom Mr. Benkirane wishes to hire.

6. Although BNDE now has two engineers, one being the head of BNDE's development department (Mr. Mahrouche), and the other an expert from France (Mr. Muchashim), Mr. Benkirane has concluded that he needs another engineer. I believe he is right because (1) Muchashim will probably go away after 2 or 3 years time (11) Mahrouche still has to gain experience and (111) of the volume of BNDE's work.
7. Mr. Benkirane reverted to his request for the Bank's help, first raised in his letter of May 11, 1969 in finding an economist and an engineer for BNDE. Similar requests have been addressed to two other agencies abroad but no satisfactory candidate has as yet been produced. Giving Mr. Benkirane my personal reaction, I said that we would like to be constructive but the needed fluency in French narrowed down considerably the area in which the Bank could search. In my view Mr. Benkirane's desire to hire an engineer is straightforward and needs no special comment. However the findings of a possible Bank's technical assistance mission in economic work might help BNDE to establish more specific terms of reference for the wanted economist. This position seems to agree with Mr. Benkirane. A letter, offering a constructive bank reaction to Mr. Benkirane, is attached for your signature. Since the letter suggests that the subject be discussed with him next week, could I speak to you about this first?
8. Training of BNDE's Staff. Mr. Benkirane stressed the success he felt BNDE's Tenth Anniversary Seminar had last June, (Mr. Benkirane was particularly appreciative of Gunter Kreuter's contribution and of that of the Harvard Business School professors). Mr. Benkirane said after evaluating the experience of the recent seminar he would like to conduct another one next June or July that would only be attended by BNDE's staff and focus on case studies more directly relevant to the Moroccan situation rather than discussing American business cases. He wondered whether one or two financial analysts from the Bank/IFC could come to participate in the Seminar.
9. Secondly, Mr. Benkirane said that he would also appreciate occasional visits of Bank Group financial analysts who would work along with his people for some weeks particularly to introduce into BNDE's practice newer methods e.g., the discounted cash flow method - Mr. Benkirane may have more specific suggestions on these needs for help during his Washington visit.
10. I am writing a separate note on other BNDE staff matters.

cc: Messrs Mathew, Bart, Kreuter

Mr. Michael L. Lejeune  
William Diamond

September 22, 1969

Morocco: BNDE

1. A clean draft of the BNDE appraisal will be delivered to interested parties tomorrow. I send you in advance this summing up, to assist you in seasonal briefing.

2. Several principal issues should concern you in considering a new loan to BNDE: (a) quality of operational performance; (b) senior staff and management situation; (c) financial performance.

3. (a) Regarding operational performance, the recent record is not bad. Both appraisals and follow-up are better than they used to be, although both need strengthening. In particular they need strengthening on the marketing and economic aspects. Furthermore, the appraisal of larger and relatively complex projects is dispersed among several departments that tend not to consult each other. As for economic review, we ought to make available some technical help; on the coordination issue, see para 7 below.

4. The volume of direct lending continues to increase. Regretfully, equity investment has declined. The reason seems to be caution and reluctance stemming from the problems faced by earlier promotions and investments and their very low yield to date.

5. BNDE's portfolio seems better today than when last we looked at it. Good harvests and consequent better purchasing power have improved both the position and prospects of several projects, especially in the textiles field. As we see it now, such hard-core risks as the portfolio contains are adequately covered by reserves.

6. In recognition of this improvement of operational performance, we are recommending a doubling of the free-limit from \$150,000 to \$300,000.

7. (b) As for senior staff and management, two problems persist. They have existed for some years and are growing worse. The D.G., who is hard pressed from all sides, has no back-up; and the staff's work is not adequately coordinated, since the D.G. must focus on external relations and big issues, and internal administration necessarily suffers. The solution is a first-class deputy D.G. Benkirane undertook, in an aide-memoir he signed September 10, 1968, to name a deputy by the end of 1969. So far as we know, no one is about to be named.

8. Judging from 7 years of observation, I imagine Benkirane fears to name a Moroccan deputy, just as his predecessor did. His predecessor, however, was able to use a foreign "technical advisor" as a deputy-in-fact, if not in-name. That he could do this was the result, partly of the previous D.G.'s strength vis-a-vis his staff, partly of his own wish to have advisors, and partly of the

high qualifications of the two "advisor-deputies" he chose. Today, the situation is different. Benkirane has always questioned his need for an advisor; his senior staff, though still lacking many qualifications, has been there long enough to consider an expatriot deputy as an interloper; BNDE's operations are now so large that Benkirane cannot oversee it adequately; ~~but~~ his Moroccan staff has a stature it did not previously have. I feel the quick resignation of the advisor who came to BNDE in March is, at least to some extent, the result of Benkirane's inability to control a staff which is beginning to feel its oats.

9. We can no longer insist on an advisor as a condition for a loan. Benkirane's own growing experience and BNDE's relatively satisfactory operational performance makes it impossible to say an advisor is essential, although he may still be desirable.

10. On the other hand, the need for a deputy D.G. has become greater, and indeed critical. Benkirane's undertaking to produce a deputy by the end of 1969 should become a part of the proposed loan documents; and failure to name the man by December 31, would then be an event of default. I wish we could say the deputy should be satisfactory to us; but I think this would be unwise, since we shall not be in a position to judge the man.

11. (c) BNDE's financial performance has improved, as measured by return on equity and on share capital. This is a natural consequence of the reduction in share capital which took place last year and whose object was precisely to improve profitability. An immediate consequence was the 6% dividend authorized this summer. Unfortunately, this still is not high enough to stimulate sales of shares to private investors. This should be a matter of concern, both to BNDE's shareholders and to BNDE itself, which ought to be looking forward to the day when its financial prospects are good enough to enable it to increase its share capital.

12. However, the return on the capital employed by BNDE has not risen significantly and does not seem likely to do so. It was about 5.2% in 1968 and does not seem likely to rise beyond 5.6%, both substantially below the cost of imported capital. The critical factor here is BNDE's interest rate, which the Bank has considered low since 1962. Last year the Government undertook to review interest rate policy. We have no news on the results of such a review. I recommend the following, as conditions for a new loan:

- a. The Government should undertake to carry out the proposed study on a time schedule, and with terms of reference agreed by the Bank.
- b. BNDE should agree to apply a higher notional interest rate (to be agreed by the Bank) in its appraisal of projects presented to it.

13. BNDE could use up to \$18 million in the next two years. I would once again recommend a one-year loan, i.e., \$10 million to \$15 million at the most.

MOROCCO - BNDE: Draft appraisal report on Banque Nationale pour  
le Developpement Economique (BNDE)

1. Attached is a draft appraisal report on BNDE. It is based to a large extent on information collected in Morocco in May of this year by a mission of the IFC Department.
2. I would be grateful if you could send comments on the attached by September 4, 1969 to Mr. Pollan who should be back in his office on the 28th of August.

Cher Monsieur Pollan,

Je vous serais reconnaissant de bien vouloir me faire savoir, à votre meilleure convenance, la date à laquelle il vous sera possible d'ouvrir les négociations officielles de la quatrième ligne de crédit à la BNDE à la suite de votre dernière mission d'évaluation au Maroc.

Comme vous le savez, les crédits disponibles sur la troisième ligne de crédit à la date de ce jour, ne nous permettent pas de faire face aux engagements prévisibles pour les prochains mois.

Dans l'attente de vous lire, veuillez agréer, Cher Monsieur Pollan, l'expression de mes sentiments de considération distinguée. -

MOROCCO: Terms of Reference for Mission to Banque Nationale pour le Developpement Economique (BNDE)

1. On or about April 26, you will go to Rabat and be in charge of a mission including Messrs. Nougaim and Hidalgo to re-appraise BNDE's performance.

2. Aside from the usual matters required of a mission of this kind, there are some particular features to which you should pay special attention, some of them arising from the discussions with BNDE and the Moroccan Government last year as a preliminary to Loan 571-MOR:

- a. Progress on the quality of BNDE's project appraisal. In this connection, you will review and try to resolve, the issues that have arisen in projects reviewed by us and still pending, and in projects now being considered by BNDE for eventual presentation to the Bank. You will also test the quality of a representative sample of appraisals of small projects not requiring Bank approval.
- b. Progress in improving the decision-making process, including the activities of the recently arrived advisor.
- c. The effect on BNDE if the Bank were to lend directly to CIH.
- d. BNDE's efforts to promote new business.
- e. The adequacy of BNDE's earnings, and in particular the present status of thinking on BNDE's interest rate.

3. BNDE wants a new loan and you will therefore give particular attention to its prospects over the next five years (especially the next two) and the prospects of obtaining funds from other sources.

4. Your work on BNDE should require about 2-3 weeks in Morocco, the length of your stay being influenced by your own work on CIH, for which (as well as for your subsequent visit to Berlin) separate terms of reference are being issued. Messrs. Nougaim and Hidalgo will be returning to Washington before you. Mr. Nougaim should have ready, three days after his return, a back-to-office report on principal findings and issues, which will already have been drafted in Morocco.

March 19, 1969

Dear Mr. Benkirane:

Re: Loan 571-MOR

I wish to refer to your letter of March 5 in which you request the Bank to review BNDE's free limit before negotiations for a possible fourth loan take place, and enquire about the Bank's final decision about five sub-projects presently under consideration for Bank financing under Loan 571-MOR.

As far as the free limit is concerned, I wish to confirm that we feel this matter should be reviewed in the more general framework of a mission which would look into the development finance company as a whole. Given the fact that a Bank mission is scheduled to go to Morocco to review BNDE's operations and prospects in the second half of April, it appears just natural that such a mission would look into this particular aspect.

With regard to the status of the five sub-projects you mention in your letter, and which were listed as pending in the attachment to my letter of February 20, I would like to point out that our final decision on them will be subject to the receipt and analysis of additional information requested from BNDE on various dates, i.e. letter of June 21, 1968 for Altair/Taifor project, letter of October 23, 1968 for Maghreb-Cas project, letter of February 13, 1969 for Doukkala Sugar Mill project and letters of February 19, 1969 for Samir and Société Marocaine de Volailles projects. You sent us interim replies announcing the requested information on Altair/Taifor (your letter of July 24, 1968) and on Société Marocaine de Volailles (your letter of March 5, 1969).

With best personal regards,

Sincerely yours,

Cher Monsieur Bart,

Nous vous remercions de votre lettre en date du 20 février 1969 relative à la situation des projets que nous vous avons soumis en vue d'un financement dans le cadre du prêt 571 MOR.

Nous espérons que vous pourrez nous donner rapidement votre position définitive au sujet des projets actuellement à l'étude, à savoir : Sté Marocaine de Volailles, Hôtel Samir, Sucrerie de Doukkala, Maghreb-Gaz, Sté Altair/Taifor.

Par courrier séparé nous vous faisons connaître notre réponse relative au dossier "Holiday Inns Marrakech", contacts pris avec le C.I.H.

En ce qui concerne le problème de la free-limit, nous regrettons que vous ayez estimé reporter son examen à plus tard, à l'occasion de la négociation d'un 4ème prêt à la BNDE.

Nous pensons que, compte tenu des lenteurs des procédures de la BIRD reconnues d'ailleurs par M. le Président McNAMARA, et de leurs répercussions aussi bien sur nos clients qui diffèrent souvent leur décision d'investir dans l'attente de notre accord de principe que sur notre exploitation qui souffre de cet état de choses, l'augmentation de la free-limit aurait mérité un examen rapide de votre part.

Nous vous serions reconnaissant de bien vouloir examiner à nouveau cette affaire pour nous faire connaître votre position avant la négociation du 4ème prêt.

Veuillez agréer, Cher Monsieur Bart, l'expression de nos sentiments les plus distingués. -

Cher Monsieur Benjenk,

Je me réfère à votre lettre en date du 20 février 1969 au sujet de votre accord pour l'envoi d'une mission d'évaluation à la BNDE pour l'examen de nouveaux concours à notre Banque.

J'ai l'honneur de vous donner mon accord au sujet de la date proposée, soit la deuxième moitié d'avril 1969, pour recevoir une délégation de la BIRD chargée d'évaluer la situation actuelle de la BNDE, ses perspectives d'avenir ainsi que ses besoins financiers.

Je vous prie d'agrérer, Cher Monsieur Benjenk, l'expression de mes sentiments distingués. -

Dear Mr. Benkirane:

I wish to refer to your letter of January 6, requesting the Bank to send an appraisal mission with a view to discussing, in a preliminary way, the possibility of a fourth loan to BNDE. I am sure you will agree that the forecast of commitments and resources enclosed with your letter may be affected by such factors as possible delays in committing the proceeds of Loan 571-MOR and possible additional loans from U.S. A.I.D. and the Kreditanstalt. Nevertheless, I am pleased to inform you that we would be prepared to send a mission at an early date to appraise BNDE's position and prospects as well as its further resource needs.

Due to our present commitments, it will be difficult for the proposed mission to visit Morocco before the second half of April. I believe, however, that this date is close enough to the one you have suggested as not to cause you much inconvenience. If the timing is convenient for you, I would be grateful for an early reply so that we can make our preparations accordingly.

With best regards,

Yours sincerely,
