River Blindness Program Administration

Inventory List

These records were created by the Onchocerciasis, Program Administration unit (AFTF3) of the Africa Human Development Department and its predecessors. The unit was responsible for mobilizing funds, managing donor relations, and overseeing control operations for the international Onchocerciasis Control Program (OCP) and the African Program for Onchocerciasis Control (APOC). This inventory includes textual records and audio-visual recordings that predominantly date from 1974 to 2004. All records are arranged in the Records of Africa Regional Vice Presidency fonds ([WB IBRD/IDA AFR](#)) and are subject to the World Bank [Policy on Access to Information](#).
