Project profiles related to country

Link is to a list in the Projects & Operations website of all projects approved, dropped, or in the pipeline for a given country. Each project links to a project profile that includes description, financial details, and lists of reports, archival record folders, and photos, when available. Description of operational records in Archives Holdings

Archival records relating to Bank operations are described according to the ISAD(g) standard and are accessible in our <u>Archives Holdings catalog</u>. World Bank Group Timeline Events

Events are selected from the <u>World Bank Group Timeline</u>. The Timeline is an online platform created by the Archives designed to highlight the important events in the Bank Group's history and to illuminate those events through a variety of archival records, photos, video and audio clips, oral history transcripts, reports, and more.

Early Country Economic Reports

Reports have been selected from the <u>Documents & Reports website</u>, a database of publicly available World Bank Group authored reports and publications dating to the opening of the Bank in 1946. Country economic reports selected here are, in many cases, some of the earliest economic studies ever published on Bank member countries. Reports discussing the whole economy of a country, rather than individual sectors, are prioritized in this list.

List is based on a similar list compiled by World Bank's Secretary's staff. Introduced in 1990 and replaced by the Country Partnership Framework (CPF) in 2014, the CAS is an overview of each borrowing country's current economic situation and contains a discussion of its development challenges, prospects, and project-planning. CASs were often initially published as part of project documents but later on were published as standalone documents.

Staff Newsletters

Resources have been selected from the World Bank Group's <u>Documents & Reports website</u>. The World Bank has produced a staff newsletter since 1947. The publication has changed its name twice: from

International Bank Notes to Bank Notes in 1971 and then to Bank's World in 1982. The newsletter moved online in 2000 and physical publication ceased. In addition to offering news relating to Bank operations and country development, the newsletters were intended to foster a sense of community among staff by highlighting social events, marriages and births, arrival of new staff, recreational events, favorite cooking recipes submitted by staff, and features on different aspects of staff's home country and culture.

Oral histories

Oral histories are selected from the World Bank Group Archives' <u>Oral History website</u>. The site contains transcripts of oral history interviews with departed staff and, in lesser number, Executive Directors and other individuals affiliated with or impacted by the World Bank Group. Interviews were conducted as

part of an ongoing effort by the Archives to collect the personal stories and reflections of Bank Group staff. A portion of the interviews were conducted as research for publications. Each transcript provides a valuable first-person account of Bank activities and decision-making from the very beginning of its operations.
