

FIJI COUNTRY PARTNERSHIP FRAMEWORK 2021 - 2024: the work plan for the World Bank Group's support to Fiji

KEY FOCUS AREAS

01
Fostering Private Sector-led Growth and Inclusive Economic Opportunities

Build business and investment opportunities.

Create more jobs, especially for women and young people.

Improved infrastructure to allow for better productivity and digital connectivity.

More clean energy through better renewable energy infrastructure.

02
Building Resilience

Strengthen Fiscal Management, through improved macroeconomic governance.

Improved Climate resilience through key transport infrastructure.

Resilient and Affordable housing through a pilot public-private model.

Support the Blue Economy, through better ocean management.

Boost resilience for future climate-related and public health emergencies.

Strengthened social protection to support the most vulnerable.

These two focus areas will be underpinned by a cross-cutting theme of

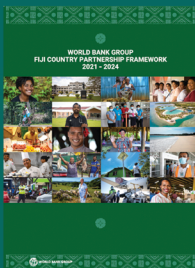

Strengthening Governance

and

Gender Equality
