The GoJ has contributed US$14.1 million to the UHC Global/Regional Program. Phase 3 aims to further strengthen the global and country momentum towards UHC through:

**New – Phase III**
- Strengthening the immediate response to COVID-19 and Pandemic Preparedness to reduce the impact on public health, economic activities, and society

**Phase III**
- Critical analytical underpinning for priority policy work focusing on UHC measurement and aging and long-term care

**Phases II and III**
- High-level policy meetings and forums for UHC monitoring and learning
- Capacity building and knowledge dissemination such as UHC Flagship courses and the Joint Learning Network
