

# Africa Centre of Excellence in Aquaculture and Fisheries Science (AquaFish),

Lilongwe University of Agriculture and  
Natural Resources (LUANAR, Bunda  
Campus),

**MALAWI**

**D. Kassam**

(Presented on 2nd September, 2019 at

2nd Africa-Japan Higher Education Partnership Workshop, Tokyo WB Office, JAP

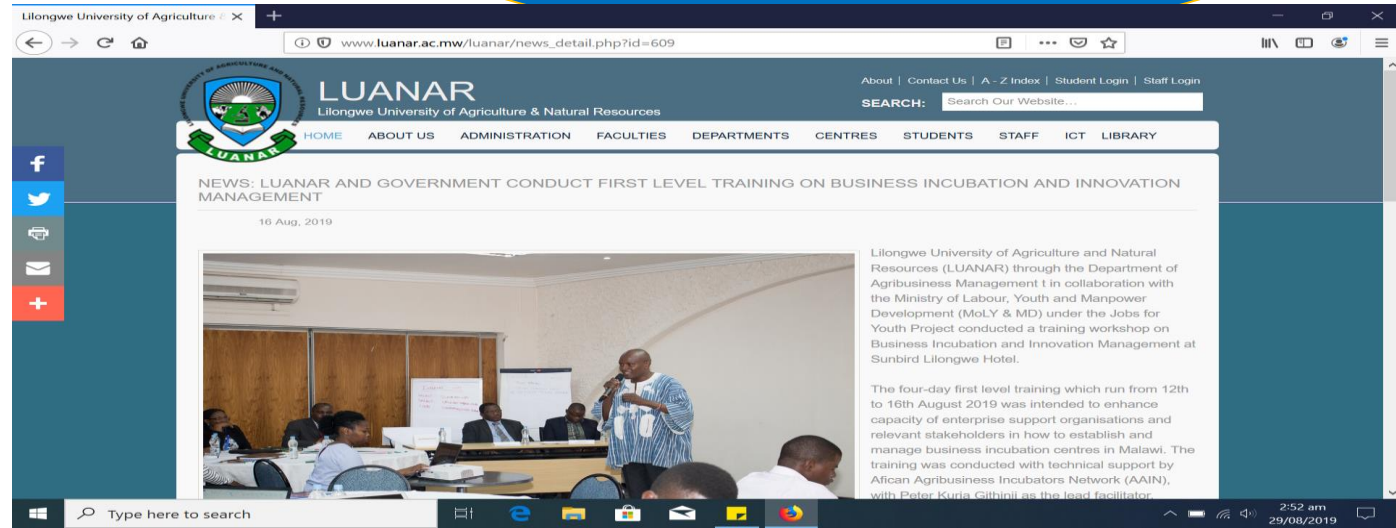

## VISION:

To be a world class center of excellence in aquaculture and fisheries

## MISSION

To advance innovation and entrepreneurship in the production of high skilled fit-for-purpose critical mass of agricultural scientists for improved aquaculture and fisheries management in order to enhance food, nutrition and economic security in Eastern and Southern Africa.

- AquaFish focuses on the whole fish value chain in order to enhance nutrition, food security and economic development
- **LUANAR Innovation and Incubation Centre** (initial funding by AfDB, championed by ABM dept)

Consumer analysis of caged Tilapia

Effect of packaging materials, preservation methods and processing on shelflife quality and safety of fish

Use of beetle larvae (mealworm) as fish feed

Use of herbs on reproduction (in collaboration with ACEPHEM)

# Areas of Collaboration that AquaFish is interested on

## For Partner Universities

- Genetic Improvement
- Fisheries Management

## For Partner Companies

- Feed formulation
- Fish Processing and Value addition
