**INSTRUCTIONS**

General

The Budget Transfer Request Form is designed to systematically collect the information necessary to properly revise the original authorized budget. The columns and lines of this form are designed to accommodate the most common transactions. Should exceptional cases arise, please use either blank lines, erase preprinted lines, use remarks section or use an additional form to transmit the necessary information for your transfer request. Budget transfers should be requested for amounts of \$1,000 and above for any one expense category.

Responsibility for Completing the Form

The completion of the form is not a means for seeking CTR approval to transfer the budget but a means of informing CTR about a budget reallocation. The authority to transfer, as explained below, lies with the department or vice-presidency, depending on internal delegation of authority arrangements within the VP-Unit (or VP complex). This form should be filled out by an organizational unit requesting transfers of its approved and distributed budgeted amounts, staff years and positions. If the transfer is between two departments, consultation with the receiving department is always necessary. All forms should be copied to the Chief Administrative Officer in the VP's front office and to the budget officers in all other departments. The authority to sign the budget transfer forms and its distribution may vary for each Vice-Presidency according to specific instructions issued for this purpose by the Chief Administrative Officer and the responsible budget officers. Forms for budget transfers from the Contingency Accounts to the various organizational units will be filled out by the responsible CTR/PBD Officer.

Amount Transfer

As a general rule, vice-presidents and department heads have the authority to transfer discretionary funds from one expense category to another without CTR or PBD approval, except that the representation and hospitality budget may not be increased.

The expense categories which are printed on the form are only those most frequently requested. A transfer, however, may involve other expense categories. The complete list of expense categories which are budgeted in the various department and the corresponding codes is provided below for information:

Expense Category	Code	Expense Category	Code
Regular Salaries	AA	Local Staff Costs	AL
Temporary	AF	Office Occupancy	GA
Overtime	AG	Office Machines:	
Staff Travel	CA	Purchase	KA
Consultant Travel	CB	Rental	KB
Representation	DA	Maintenance	KC
Hospitality	FB	Depreciation	KD
Consultant Fees	EA	Software/Supplies	KS
Contractual Services	EB	Office Supplies	LA
Communications	HC	Other Miscellaneous	MF
Internal Computing	XA		
Translation Services	XB		

General Contingency (960-30) VA(099-30)\* \*Code for IFC

If a budget transfer involves allocated expenses (benefits or overhead), the requestor should consult the Budget Implementation Guide for the proper expense name and code.

Staffyear Transfer

The information requested under this category for professionals (grades 18 and above), others (grades 11 to 17) and special will be used to make adjustments in the administrative budget staffyears and will be reflected in the Report of Expenses and Budgets. Staffyear information is necessary when transfers are made from the Contingency Accounts because such transfers constitute additions to the authorized staffyears.

Position Transfer

Normally, a position transfer involves also transfers of amounts and staffyears. A request for a position transfer is necessary when the transfer is from one department to another, that is, whenever two departmental codes are involved; i.e. the transfer is from 122-05 to 126-10. Position transfers within a department (from one division to another) are made automatically through the Personnel Action Form and, therefore, no budget transfer is necessary.

Recodings of position titles and changes of position numbers of occupied positions which are usually for intradepartmental changes should not be requested through this form. These changes are not considered budget transfers and are to be communicated to the Personnel Officer who will, if necessary, inform CTR appropriately.

Remarks

The remarks section should be used for a brief description of the transfer or for explanations necessary to clarify the entries made in the other sections of the form.

# OFFICE MEMORANDUM

DATE: March 4, 1992

TO: Ismail Serageldin, Director, Africa Technical Department

FROM: Gregory K. Ingram, Administrator, Research Advisory Staff

EXTENSION: 31052

SUBJECT: Conference funding request: "International Conference on Culture and Development: An Agenda for Action in Sub-Saharan Africa"

In response to your memorandum of February 28, I have approved your request for funding from the Research Support Budget for the above conference. I am pleased to support the proposed exploration of the critical issues of cultural institutions and preservation and the implications for economic development in Sub-Saharan Africa. The identification of a work program to more effectively reflect those issues in the Bank's work and in the development community more broadly would be most worthwhile.

The following account and financial authorization are issued for the conference:

i) Identification code (RPO#)	677-22
ii) FY92 authorization	\$19,500
iii) Total authorization	\$19,500

Expenses relating to the conference may be charged to the above account number up to the total amount authorized. Please use the account number as an identification code in all documents relating to the project.

As the proposal does not specifically indicate the required term of the account, I have set the completion date as June 30, 1992, which will also be the last date to make financial commitments against the conference budget. The account will remain open for four months after the completion date to allow for disbursements against outstanding commitments.

You are required to file a completion report on the grant no later than two months after its closing date; forms for this purpose may be obtained from this office.

SUBJECT: International Conference on Culture and Development in Sub-Saharan Africa

Pursuant to our earlier discussions, attached is the definitive Program for the conference. As you will see, we have significantly increased the number of African participants, including our Nobel Laureate keynote speaker. I will be grateful for your early confirmation of the willingness of your office to grant us financial assistance up to \$19,500, which will help us defray the costs of the conference. You will note that this contribution is more than matched by the pledges of both The Rockefeller Foundation and the Norwegian Government.

Thank you.
