Precise Testing Solution Private Ltd.

Hit The Target Achieve The Goal

Date: 17/March/2021

Recommendation:

1. The application must be hosted with limited privileges of read and Script Execution permission
2. On unauthorized activity, there should be auto session kill policy or session reset policy
3. On regular basis, need to add or update software patch on server and supporting infrastructure.

Conclusion: Assam Skill Development Mission (V 1.0) is free from OWASP Top 10 Application Security Risks – 2017 and meet above STQC Criteria. Application is safe to Host

Note: Certificate is Valid until for Max one Year when no any additional changes in the dynamic content and code level changes are carried out.
