# TOOLS & RESOURCES

*The Coach initiative includes the development of open-access global public goods in the form of tools and resources for policymakers, researchers, and other system-level leaders, along with materials and tools for pedagogical leaders and teachers, focused on giving guidance on how to provide the most effective in-service teacher professional development.*

*These global public goods include **an Overview Toolkit, a Design Toolkit, and an Implementation Toolkit.***

*These tools and resources are currently under development, and this list will be updated as they are made public.*

## Overview Toolkit

This toolkit includes an overview video mapping out the different *Coach* products along with the audience and focus of each. It also includes briefs and synthesis materials summarizing the research that has informed the development of the *Coach* initiative.
