TO: Jagadish Upadhyay ( JAGADISH UPADHYAY )

FROM: Mary Eming Young, PHN ( MARY EMING YOUNG )

EXT.: 33427

SUBJECT: China - Health/nutrition

Hi Jagadish,

I was at Atlanta yesterday for a Task Force on child survival and I met Dr. Seth Berkley of the Rockefeller Foundation. He is in charge of medical education in particular based on clinical epidemiology like the "Diagnosis/Measurement/Evaluation" of Health I. He has also followed DME of the key universities in China and told me that China seems to be interested in expanding the model to the other medical universities.

Please give him a call if you are interested to discuss with him the details. tel 212 852 8324. or fax 212 398 1858

On another topic: Nutrition. The program against micronutrient malnutrition jointly run by CDC/Emory University is giving courses on nutrition training. Several national level staff from CAPM were trained by this organization. They are also closely in touch with UNICEF on IDD. I have all the program materials and list of contact persons if you are interested.

Mary
