WB Evolution Roadmap

Global challenges: (i) **Climate Change Adaptation and Mitigation**; (ii) Fragility and Conflict; (iii) Pandemic Prevention and Preparedness; (iv) Energy Access; (v) Food and Nutrition Security; (vi) **Water Security and Access**; (vii) **Enabling Digitalization**; and (viii) **Protecting Biodiversity and Nature**.

What are the Most Important Contributions that the WB can Make?

Proposed Higher Level Outcomes and CPF Objectives

Overarching goal: **Integrating Thailand's climate and growth agendas** for a low-carbon, inclusive and resilient future

Repositioning Thailand in a greener and innovative global economy

Improving Thailand's competitiveness, innovation and investment climate (skills, digital infrastructure, B-Ready)

Accelerating energy transition

Financing low-carbon future and promoting market-based finance solutions (sustainable, climate and carbon finance)

Enhancing sustainable, inclusive and climate-resilient development

Addressing climate change, environment, and blue economy through the Bio-Circular-Green economy

Improving water resource management

Promoting balanced spatial growth to reduce inequality and improve social inclusion
