

**U.S. Alternate Executive Director Felice Gorordo  
participates in landmark trip to Central Asia – March 8, 2024**

U.S. Alternate Executive Director for the World Bank Felice Gorordo participated in landmark trip to Central Asia with the World Bank Executive Directors to observe the region's development efforts firsthand, with a focus on (1) climate change within the prism of the water-energy nexus, (2) human capital with an emphasis on innovations and gender equality, and (3) green private sector-led growth. Grateful to the amazing World Bank and IFC - International Finance Corporation teams for all their incredible work in the region and making the site visits so impactful. [Read more.](#)
