

IDA COUNTRY ALLOCATIONS FOR FY19

Development Finance Corporate IDA and IBRD (DFCII) December 6, 2019

IDA Country Allocations for FY19

- 1. The IDA18¹ replenishment arrangements provide that IDA country allocations be made available for information to IDA's Executive Directors and disclosed on IDA's external website at the end of each fiscal year of the IDA18 implementation period.² This note responds to these disclosure commitments by providing: (i) the FY19 IDA country allocations (*Table 1*); and (ii) the key input data on which the FY19 country allocations were based (*Table 2*). In addition, the note provides information on notional IDA allocations under the following windows: (i) the Regional Program (*Table 3*); (ii) the Refugee Sub-Window (RSW) (*Table 4*); (iii) the Crisis Response Window (CRW) (*Table 5*); and (iv) the Scale-up facility (SUF) (*Table 6*). The note does not discuss IDA18 transitional support, IDA18 Private Sector Window (PSW), and set-aside resources for potential arrears clearance during IDA18.³
- 2. **FY19 Country Allocations of IDA Resources.** Table 1 shows the country allocations for FY19, as determined under the Performance Based Allocation (PBA) system.⁴ In the beginning of FY19, a total of SDR12.7 billion⁵ was allocated to 72 IDA-eligible countries.^{6,7} This included SDR3.1 billion (24 percent) on grant terms and SDR9.6 billion (76 percent) on regular, small economy or blend terms. The largest shares of the FY19 IDA resources were allocated to Africa (SDR8.3 billion of which SDR2.4 billion on grant terms), accounting for two-thirds of total country allocations in FY19, followed by South Asia (SDR2.6 billion) and East Asia and Pacific (SDR0.8 billion). Three countries, Central African Republic, Gambia and Madagascar received an exceptional IDA support under the "Turn-Around" Regime (TAR),⁸ and four countries, Guinea, Nepal, Niger and Tajikistan, received enhanced support through a new exceptional Risk Mitigation Regime (RMR)⁹ in addition to their regular PBA allocations in the amount of one third of the regular PBA.
- 3. **Reallocations as agreed at the IDA18 Mid-Term Review (MTR) and exceptional allocations.** The following adjustments were approved at the IDA18 Mid-Term Review in November, 2018 (in the amount of US\$2 billion):¹⁰ to reallocate US\$0.75 billion, US\$0.85 billion and US\$0.4 billion *from* CRW, Transitional Support and notional allocation for Syria, respectively, *to* PBA, RSW, Regional Program, SUF and Yemen, Republic of, in the amount of US\$0.7 billion, US\$0.2 billion, US\$0.2 billion, US\$0.5 billion and US\$0.4 billion, respectively. The amount reallocated to the PBA

See IDA18 Deputies Report "Additions to IDA Resources: Eighteenth Replenishment, Towards 2030: Investing in Growth, Resilience and Opportunity" (page 108).

The IDA18 implementation period covers three fiscal years 2018-2020 (FY18-FY20).

IDA18 transitional support to Bolivia, Sri Lanka and Vietnam (total of US\$1.95 billion after reduction by US\$850 million at the Mid-Term Review (MTR)); IDA18 Private Sector Window (total of US\$2.5 billion); set-aside resources for potential arrears clearance during IDA18 (SDR800 million).

For details on the PBA system, see Annex 2 of IDA18 Deputies Report "<u>Additions to IDA Resources: Eighteenth Replenishment.</u> <u>Towards 2030: Investing in Growth, Resilience and Opportunity</u>".

Approximately US\$17.9 billion at US\$/SDR 1.41665 exchange rate as of May 31, 2018.

Of 75 IDA-eligible countries as of July 1, 2018, three inactive IDA countries with credits in non-accrual status were not allocated IDA resources (Sudan, Syria and Zimbabwe); Eritrea was allocated SDR29.5 million (a final determination of terms was subject to confirmation at the time of the country's re-engagement with IDA if/as relevant); SDR101.6 million allocated to Somalia reflect allocations for pre-arrears clearance grants in FY19.

⁷ Excludes exceptional allocations (total of US\$200 million) in regular IDA credit terms for Lebanon and Jordan.

For details on the TAR, see Annex 3 of IDA18 Deputies Report "Additions to IDA Resources: Eighteenth Replenishment. Towards 2030: Investing in Growth, Resilience and Opportunity".

For details on the RMR, see Annex 4 of IDA18 Deputies Report "Additions to IDA Resources: Eighteenth Replenishment, Towards 2030: Investing in Growth, Resilience and Opportunity".

¹⁰ For details, see "IDA18 Post-Mid-Term Review Amendments".

(US\$0.7 billion) will be included in the country allocations for FY20.¹¹ In addition to reallocations approved at the MTR, an exceptional IDA allocation of US\$200 million was provided to Jordan and Lebanon in FY19 (from the notional allocation for Syria) to respond to the Syrian refugee crisis.

- 4. **Key Input Data for FY19 Allocations.** Table 2 presents the key data underpinning the FY19 country allocations. The fourth column of the table shows country performance ratings (CPRs) with the initial three columns reflecting the input variable upon which the CPRs were calculated. The first column shows the average rating for the Country Policy and Institutional Assessment (CPIA) clusters A through C ("Economic Management," "Structural Policies," and "Policies for Social Inclusion," respectively); the second column shows the rating for the CPIA cluster D ("Public Sector Management and Institutions"); and the third column shows the portfolio performance rating. The final two columns of the table show the country population and GNI per capita, respectively.
- 5. **Disclosure of IDA Country Allocations, Commitments and Disbursements.** In addition to this note, IDA also makes relevant data and analysis available periodically on IDA's external website, responding to IDA Partner's requests and IDA's disclosure commitments. Some examples are highlighted below.
 - IDA country allocations, commitments (including IDA18 commitments per country/per window), and disbursements are provided in an excel version on IDA's external website (<u>link</u>).
 - IDA financial assistance *per replenishment* period paper, which is produced after a replenishment completes, provides in-depth analysis on IDA commitments and disbursements as well as projects under implementation during a replenishment period (<u>link</u>).
 - IDA commitments and disbursements are available in the following dashboards:
 - o Development Partner Center (DPC) (<u>link</u>) ¹²
 - o IBRD and IDA Financing dashboard (<u>link</u>)
 - Annex tables for the World Bank's Annual Report also provides detail information on IDA commitments (link)
 - Background policy papers/notes produced during IDA18 and prior replenishments are also available on IDA website.¹³

Reallocations approved at the IDA18 MTR will be reflected in the country allocations note of IDA18 final fiscal year (FY20).

The Development Partner Center (DPC) is a single-stop portal for development partners to access their World Bank Group financing portfolios. DPC provides partners with real-time, and comprehensive information on IBRD/IDA and IFC trust funds, Financial Intermediary Funds (FIFs), and IDA which can be easily customized in a multitude of ways to suit individual needs, and in just a few clicks.

¹³ Visit "<u>Replenishments</u>" webpage.

Notes:

- a/ Reflects allocations as determined through the PBA system, including through TAR, RMR, and exceptional support under post-conflict regime; excludes exceptional allocations for Lebanon and Jordan (total of US\$200 million or about SDR145.2 million) approved by the IDA Board in FY19.
- b/ The terms of IDA credits vary by country (regular, small economy or blend terms), based on each country's IDA classification in FY19 (see Annex 2 of Bank Directive "Financial Terms and Conditions of Bank Financing" for FY19).
- c/ Three countries received exceptional IDA allocations under the "Turn-Around" Regime: Madagascar, Central African Republic, and Gambia.
- d/ Inactive IDA countries with credits in non-accrual status.
- e/ Eritrea was classified as a country with credits in non-accrual status effective March 15, 2012. The applicable financing terms of its allocation will be determined at the time of its re-engagement with IDA.
- f/ Financing volumes of Mozambique were reduced by 10 percent in FY19 based on measures applied under the Non-Concessional Borrowing Policy.
- g/ Financing terms of Ethiopia and Maldives were changed to 50 percent grant/50 percent credit basis from 100 percent grant basis normally applicable to a country at high risk of debt distress based on measures applied under the Non-Concessional Borrowing Policy.
- h/ Under the exceptional Risk Mitigation Regime, Guinea, Nepal, Niger and Tajikistan received resources of up to one-third of their regular allocations under the PBA system, in addition to their regular country allocations under the PBA system.
- i/ Somalia has commenced the process of arrears clearance. Resources reflect allocations for pre-arrears clearance grants in FY19.
- j/ South Sudan benefits from exceptional support under the post-conflict regime during IDA18 (phase out period).

Notes:

Memo item: Eritrea, Sudan, Syria and Zimbabwe are classified as inactive IDA countries with credits in non-accrual status. Somalia has commenced the process of arrears clearance.

a/ The CPR is calculated as 0.24 x CPIA_{A,B&C} + 0.68 x CPIA_D + 0.08 x PPR. For details on the CPR formula, see Annex 2 of IDA18
Deputies Report "Additions to IDA Resources: Eighteenth Replenishment. Towards 2030: Investing in Growth, Resilience and Opportunity".

b/ The source for the population and GNI per capita data is the Development Economics Data Group (DECDG). Per capita data shown for 2017 are either actual figures or, when actual figures were not available, estimates as of June 2018, when IDA country allocations for FY19 were determined. "NA" signifies countries for which data estimates were available in ranges only per earlier disclosure under Annex 2 of Bank Directive "Financial Terms and Conditions of Bank Financing" for FY19.

Notional IDA allocations under IDA Windows

6. **Regional Program (RP) Allocations:** Table 3 shows funds allocated for regional projects in FY19, broken down by region. Total amount allocated at the beginning of FY19 was SDR1,200 million¹⁴ of which Africa region received the largest share of 75 percent (SDR900 million) while the allocation to other regions was determined based on the relative share of resources regions received through the PBA.

Table 3. FY19 IDA Allocations under the IDA18 Regional Program a/, b/

Region	RP Allocations (SDR million)
Africa	900.0
East Asia and the Pacific	55.9
Europe and Central Asia	37.9
Latin America and the Caribbean	21.4
Middle East and North Africa	7.1
South Asia	177.7
Total RP	1,200.0

Notes:

a/ The breakdown of funding for regional program into grants and credits is not available at the time of allocations and is determined at the time of regional projects preparation and also depend on whether there are any regional institutions that receive IDA financing on grant terms through these projects. The grant eligibility of each participating country in a regional project is based on that country's risk of debt distress: for high and moderate risk of debt distress countries, top-up funding from the Regional Program is provided on 100 percent or 50 percent grant terms, respectively.

b/ The terms of IDA credits vary by country (regular, small economy or blend terms), based on each participating in a regional operation country's IDA classification in FY19 (see Annex 2 of Bank Directive "Financial Terms and Conditions of Bank Financing" for FY19.

7. **Refugee Sub-Window (RSW) Allocations.** At the beginning of IDA18, the World Bank established a new SDR1.4 billion Refugee Sub-Window to provide financing for projects targeting refugees and their host communities during IDA18 period.^{15, 16} The notional regional allocation (Table 4) was determined based on the number of refugees in IDA countries eligible for support under this sub-window at the beginning of IDA18 replenishment cycle.

For details on the RSW, see Annex 5 of IDA18 Deputies Report "<u>Additions to IDA Resources: Eighteenth Replenishment. Towards 2030: Investing in Growth, Resilience and Opportunity</u>".

The total IDA18 envelope of the program was increased by US\$200 million (about SDR145 million) after the IDA18 MTR; this will be reflected in the FY20 IDA Country Allocations note. For details, see "IDA18 Post-Mid-Term Review Amendments".

The total IDA18 envelope of the sub-window increased by US\$200 million (about SDR145 million) after the IDA18 MTR; this will be reflected in the FY20 IDA Country Allocations note. For details, see "IDA18 Post-Mid-Term Review Amendments".

Table 4. FY19 IDA Allocations under the IDA18 RSW a/, b/, c/

Region	RSW Allocations (SDR million)
Africa	331.8
East Asia and the Pacific	0.8
Europe and Central Asia	0.0
Latin America and the Caribbean	0.0
Middle East and North Africa	20.4
South Asia	113.7
Total RSW	466.7

Notes:

- a/ Reflects notional allocation at the beginning of IDA18 cycle before reallocations and IDA18 MTR adjustment.
- b/ The breakdown of funding for RSW into credits and grants is not available at the time when allocations are determined. The grant eligibility of RSW-eligible countries is based their risk of debt distress at the beginning of FY19: for high risk of debt distress countries, top-up funding from the RSW is provided on grant terms while for moderate and low risk of debt distress countries top-up funding is provided on 50 percent grant and 50 percent in applicable credit terms. Blend and Gap countries are eligible to receive grants under the RSW (subject to Board approval).
- c/ The terms of IDA credits vary by country (regular, small economy or blend terms), based on a country's IDA classification in FY19 (see Annex 2 of Bank Directive "Financial Terms and Conditions of Bank Financing" for FY19).
- 8. **Crisis Response Window (CRW) Allocations.** As shown in Table 5, CRW resources in the amount of SDR90 million (equivalent to US\$125 million) were allocated to three operations in Malawi, Mozambique, and Tonga. ^{17,18}

Table 5. FY19 IDA Allocations under the IDA18 Crisis Response Window ^{a/}

Country	Region		CRW Allocations (SDR million)
Malawi	AFR	b/	28.9
Mozambique	AFR	c/	54.2
Tonga	EAP	d/	7.1
Total CRW			90.2

Notes:

a/ Reflects actual utilizations of CRW resources in FY19 (i.e., IDA commitments).

- b/ Malawi: CRW resources in the amount of US\$40 million (SDR28.9 million) were allocated to strengthen the institutional and financial capacity of the Government of Malawi for multi-sectoral disaster and climate risk management.
- c/ Mozambique: CRW resources in the amount of US\$75 million (SDR 54.2 million) went towards, among other things, supporting Mozambique to respond promptly and effectively to crises, and financing water supply investments in cities affected by Cyclone Idai.
- d/ Tonga: CRW resources in the amount of US\$10 million (SDR7.1 million) were allocated to strengthen early warning, resilient investments and financial protection of Tonga.

For details on the CRW, see Annex 7 of IDA18 Deputies Report "Additions to IDA Resources: Eighteenth Replenishment. Towards 2030: Investing in Growth, Resilience and Opportunity".

The total IDA18 CRW envelope was reduced by US\$750 million (about SDR544 million) after the IDA18 MTR; this will be reflected in the FY20 IDA Country Allocations note. For details, see "<u>IDA18 Post-Mid-Term Review Amendments</u>".

9. **Scale-up Facility (SUF) Allocations.** The World Bank established an IDA18 Scale-up Facility, or SUF, of US\$6.2 billion (about SDR4.4 billion) to finance additional high quality, transformational operations to be delivered during IDA18. Table 6 shows that notional regional allocations under the facility stood at US\$2.1 billion in FY19. Regional breakdown of allocations was determined based on the percent share of resources received through the PBA by countries eligible for SUF at the beginning of FY19.

Table 6. FY19 Regional Allocations under the IDA18 Scale-up Facility a/

Region	SUF Allocations (US\$ million)
Africa	1,255.9
East Asia and the Pacific	144.0
Europe and Central Asia	98.4
Latin America and the Caribbean	43.4
Middle East and North Africa	0.0
South Asia	524.9
Total SUF	2,066.7

Note:

For details on the SUF, see Annex 6 of IDA18 Deputies Report "Additions to IDA Resources: Eighteenth Replenishment. Towards 2030: Investing in Growth, Resilience and Opportunity".

a/ Commitment authority under the IDA18 SUF was approved by Executive Directors in US dollar terms.

The total IDA18 envelope of the Facility increased by US\$500 million after the IDA18 MTR; this will be reflected in the FY20 IDA Country Allocations note. For details, see "<u>IDA18 Post-Mid-Term Review Amendments</u>".
