

11th DMF STAKEHOLDERS' FORUM:

Debt Management During the Global Crisis

Organized by the World Bank

May 24, 25 & 26 2021 – Virtual Forum

Agenda

The 11th Debt Management Facility (DMF) Stakeholders' Forum, titled "Debt Management During the Global Crisis" is organized by the World Bank. The Covid-19 pandemic induced a surge in public debt levels that intensified existing debt vulnerabilities. Its impact also led to new challenges for debt managers faced with increased uncertainty, higher financing needs, changes in investor behavior, constrained capacity to raise funds at a reasonable cost. In addition, some countries faced debt distress. Crisis management has been—and remains—critical. At the same time, issues surrounding debt transparency have come to the fore. The Forum will foster high level-discussions on global trends, the impact of the pandemic on debt sustainability, debt management practices during a crisis, and debt transparency.
